LARIMIDE[®]

Spain

The secret to youthful, glorious and radiant skin is the incorporation of advanced, tested, and skin-loving molecules into your daily life. This habit will prevent premature aging and keep skin functions working optimally for a long time.

LARIMIDE is a home protective beauty series, an innovative product line that will maintain your complexion in the comfort of your home. Using cutting-edge chemical artistry with a futuristic edge that we have perfected over 3 generations, our innovative home series line-up will aid in maintaining healthy cutaneous functions, subsequently preparing it for handling daily environmental aggression, plus adding stability to a disordered barrier.

Made in Spain, awarded, dermatologically tested, high efficacy, 100% Vegan, results-driven products, that's Larimide!

DAY ROUTINE

Get your skin cared for and protected every morning with this simple routine.

- 1** Let's start with a deep cleanse with **Clarify**. Spread the product all over the face, gently massaging with a cotton pad in circular movements over the face and neck.

- 5** When fully absorbed after a few seconds, apply the **Vitaminic Cream**, taking a small amount and spreading it over the forehead, cheeks, chin and neck. Apply throughout the skin until completely absorbed.

- 2** Once the skin is clean and dry, we use the **DNA Repair Eye Cream** throughout the periocular area. Wait a few seconds for the product to be completely absorbed.

- 6** You should always protect your skin from the sun rays using **Ultra Satin 50**, which adds a touch of natural color to your skin and prevents the formation of wrinkles and spots caused by sun exposure. Or if you prefer a colourless sunscreen, you can use the **sunscreen ECLIPSE 50**.

- 3** The next step is to use the Serum **Oxystem**. Apply 4 drops spread over the forehead, cheeks, chin and neck. Next, gently apply the product all over your face.

- 7** To finish, we use **Mistify** spraying a couple of times to 30 cm from the face, which will give the skin energy and vigor.

- 4** Before applying your day cream, we recommend using a vial of **Vitaminic Pure** to invigorate your skin. If you are going to use it for the first time, follow the serum activation instructions indicated on the package and apply the product all over the face, neck and décolleté.

- 8** Add a finishing touch to your routine with **Kiss Me** for juicy, hydrated lips.

NIGHT ROUTINE

- 1** First of all, we make sure to have clean skin, eliminating impurities and dirt that accumulate throughout the day. We apply **Clarify** using a cotton pad with circular movements on the face and neck.

- 2** Every one or two days, use **Cellrenew** to exfoliate the skin. Apply the product on the face and neck with the help of a cotton pad while performing circular massages. Avoid the area around the eyes.

- 3** Next, apply the **DNA Repair Eye Cream** throughout the periocular area. Wait a few seconds for the product to be completely absorbed.

- 4** The next step is to apply the Serum **Retibak**. Dose a few drops spread over the forehead, cheeks, chin and neck. Next, gently spread the product all over your face.

- 5** Use **Fresh Mask** whenever you need extra comfort and vitality. This floral treatment is like a water bath for dry and dehydrated skin. Generously apply the product to the entire surface of the face and leave it on for 15 minutes. If any product remains, you can remove it lightly with a tissue. Never remove with water.

- 6** For dry skin, we recommend using **Miracle**. With just a few drops of this facial oil serum, the skin is left soft, nourished and deeply repaired.

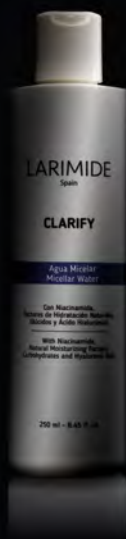

- 7** When the skin has absorbed the nutrients, we apply the **Cannanour Cream**, taking a small amount and spreading it over the forehead, cheeks, chin and neck. Spread throughout the skin until completely absorbed.

CLEANSING AND CELLULAR RENEWAL

CLARIFY

Micellar Water

Eliminates impurities and excess sebum by gently cleansing and removing make-up from your face, eyes and lips.

A true off-road micellar water formulated with natural ingredients. Regardless of skin type, it gently cleanses and revitalizes the skin, leaving it luminous. Revives the luminosity of dull complexions for an immediate new-skin effect.

TECHNOLOGY

For all skin types that deeply purifies, cleanses and detoxifies the skin thanks to its high concentration of active ingredients. Closes the pores, keeping the skin oil-free for longer.

Used daily, provide intense and instant hydration, reduces sebum production, pore size and improves skin texture, with a pleasant sensation of freshness.

ACTIVE INGREDIENTS

Niacinamide

Regulates sebum production and pore size, has anti-pollution action and improves skin texture. In addition, it significantly increases hydration levels, the integrity of the stratum corneum barrier and elasticity.

Natural Moisturizing Factors

Are the substances that protect the skin against dehydration. They are responsible for maintaining an adequate level of water in the upper layers of the skin. It also plays a key role in maintaining the physical properties of the upper layers of the skin (the stratum corneum).

Carbohydrates

They are metabolic compounds that constitute the main source of energy for the human body, and fulfill other structural functions, such as water retention vehicles, and as protection mechanisms against external factors.

Hyaluronic Acid

Helps to strengthen the extracellular structure of our epidermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

HOW TO USE

Apply on a cotton pad, use it on the skin with a gentle massage.

Avoid contact with the inner eye.

96 %

skin-friendly ingredients of natural origin:

Niacinamide, Hyaluronic Acid, Urea, Fructose and Maltose.

1%

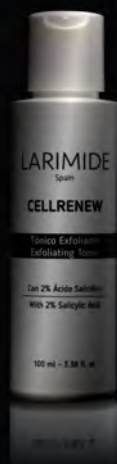

additional ingredients to ensure the stability and safety of the formula:

Benzoate, Potassium Sorbate.

Dermatologically Tested.

CELLRENEW

Exfoliating Toner

Eliminate dead cells and reduce blackheads in a daily treatment with 2% salicylic acid.

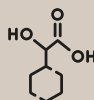

Fast absorbing toner removes built-up dead skin cells and fights blackheads. A unique leave-in formula that is gentle enough for daily use on all skin types. Exfoliates dead skin cells while cleansing pores for a more even, radiant tone, plus visibly reduces fine lines and wrinkles for noticeably smoother, younger-looking skin. This scrub has an optimal pH range for the skin.

TECHNOLOGY

When dead skin cells accumulate on its surface, the epidermis becomes brittle, dry and lifeless. Beta Hydroxy Acid (BHA, also known as Salicylic Acid) mimics younger skin's natural exfoliation process by helping it slough off extra layers while unclogging and cleansing pores.

ACTIVE INGREDIENTS

Salicylic Acid

Is part of the family of hydroxy acids and is a desmolytic ingredient. That means it targets certain protein bonds in skin known as desmosomes, that keep dead cells clinging to skin instead of sloughing off. Skin's natural shedding process can become faulty due to age, sun damage, and problems like acne and excess oil. Exfoliating helps restore this natural ability.

HOW TO USE

Gently apply using a cotton pad over entire face and neck, after cleansing.

Use with caution: apply every other day and note skin's response. Then use up to twice daily. For daytime, always finish with a sunscreen.

99 %

skin-friendly ingredients of natural origin:
Salicylic Acid and Vitamin F.

1%

additional ingredients to ensure the stability and safety of the formula:
Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

EYES & LIPS

DNA REPAIR EYE CREAM

Eye Contour & Eyelid Cream

Repairs and
protects

Stimulates cell
DNA

Powerful
rejuvenating action

Protects the DNA of your skin and extends cell life.

Resynchronizes the biological clock, managing to repair and protect the delicate skin of the eye area while maintaining cellular genetic integrity by way of advanced bio-identical molecules delivered via a skin-penetrating carrier system that will reach deep into the surface corneocytes, gradually and safely reducing the formation of Thymine dimers. This action will result in stimulation of natural DNA repair in epidermal cells.

Anti-ageing facial nutrition that lengthens cell life. Provides natural care, for an intensive daily treatment.

TECHNOLOGY

Concentrated remodelling eye contour specifically formulated to reconstitute the skin in depth, ensuring solid cell cohesion and a powerful rejuvenating action. It stimulates collagen production and reinforces the extracellular matrix, restoring the dermal-epidermal junction and protecting the natural DNA repair process. The periocular skin is redefined and smooth. The texture of the skin is refined and wrinkles are visibly smoothed.

ACTIVE INGREDIENTS

Phytolacenta

Extracted from soybeans, base their activity on cell stimulation, with the ability to protect the internal structure of DNA. Rich in essential trace elements for the restructuring of the cell membrane.

HOW TO USE

Use your ring finger to distribute with light touches around the orbital area of the eye and then apply a gentle massage with the fingertips, always from the inside to the outside.

Avoid the direct contact with the internal eye.

98.4 %

skin-friendly ingredients of natural origin:

Natural Amino acids, plant Phytolacenta, Oat extract and Plankton extract.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Ophthalmologically Tested.

IMMEDIATE LIFTING RESULTS

In an instant the skin looks with less wrinkles

Immediate lifting effect

Skin repair

Combat loss of firmness

IMMEDIATE LIFTING EFFECT

Is a powerful serum with an immediate lifting effect that quickly and spectacularly hides wrinkles and expression lines and combats the loss of facial firmness, as well as helping in the skin repair process.

TECHNOLOGY

Its success is based on the technology of purified fraction of branched sugars from oats, a high molecular weight molecule, which form a three-dimensional network thanks to hydrogen bonds, creating a lifting effect on the skin.

It has particularly interesting dermocosmetic qualities thanks to its content of a wide variety of mineral salts and trace elements, including phosphorus, magnesium, silica, iron, zinc and selenium, which help to restructure the cell membrane and act as antioxidants, delaying skin aging.

Thanks to the ramifications of the sugars, a three-dimensional network is created with a large number of interactions between the molecules and the lipids of the intercellular membrane of the stratum corneum, the most superficial layer of the skin. These interactions are maintained once the product is absorbed, creating a film on the skin.

In addition, the skin repair process is enhanced by the presence of two macropeptides present that are capable of regulating cellular activities by interacting with specific genes involved in the process of rebuilding the extracellular matrix.

IMMEDIATE LIFTING EFFECT contains the efficiency of the immediate effect and also a long-term wrinkle-reducing effect.

ACTIVE INGREDIENTS

Avena Sativa Extract

Oat creates a network that covers the skin by interacting with the lipids of the stratum corneum, the most superficial layer of the skin. These interactions are maintained once the product is absorbed, creating a film with a lifting effect on the skin.

Matrikines (macropeptides)

With a repairing effect on damage caused by age at the skin level. Studies show the ability to reverse chronological aging, stimulating collagen synthesis.

HOW TO USE

You must use a very small amount of product, one drop in each area to be treated, since it is a concentrated formula and the results require the exact amount of product.

Apply a small drop on the tip of the index finger, and distribute with light pulsations on the area with wrinkles. It should not be rubbed. Let it dry completely and it will act immediately, the faster it dries the better. If you decide to apply it before makeup, wait at least 5 minutes for the product to fully absorb.

If the amount used is too much, a white residue will appear on the skin, use a damp cotton to remove it.

88.9 %

skin-friendly ingredients of natural origin:

Avena Sativa Kernel Extract

1%

additional ingredients to ensure the stability and safety of the formula:

Phenoxyethanol, Ethylhexylglycerin.

Ophthalmologically Tested.

KISS ME

Moisturizing Lip Volumizer

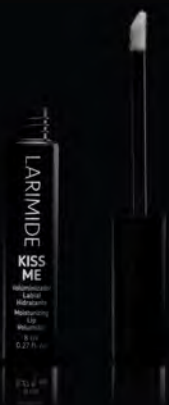

Hydration

Volume

Protection

Get hydrated lips with greater volume with immediate effect.

Combines shine, maximum volume and comfort.

Multipurpose, can be used by itself or as a base for lipstick or gloss.

Get hydrated lips with more volume.

Its foam applicator brush is easy to use for a perfect volume effect.

Enriched with hyaluronic acid and volume-boosting vitamins, the formula works for hydrated, protected and more visible lips at the first time of application and day after day.

With a fruity perfume, it leaves a pleasant sweet sensation on the lips with a spicy touch.

TECHNOLOGY

Strengthening treatment with a creamy texture, protects and moisturizes the lips so that they instantly acquire a fuller, healthier and more defined appearance. Over time, the lips are deeply hydrated and cracks are reduced. With just one swipe of this antioxidant lip gloss treatment, you'll see why it's second to none.

ACTIVE INGREDIENTS

Vitamin F

Capable of restoring the skin's natural barrier, regenerating it, reducing irritation and improving the juiciness and luminosity of the skin, as well as providing hydration and nutrition.

Shea Butter

Rich in fatty acids and vitamins A, D and E, shea butter hydrates and nourishes dry or chapped lips.

Hyaluronic Acid

Manages to balance the gradual loss of water through two different mechanisms: incorporating HA molecules in the deepest layers of the skin, where each molecule is capable of accumulating 10 times its weight in water, and also in the outer layer of the lips, creating an invisible film that prevents moisture loss.

HOW TO USE

For external use only. Apply the volumizer directly on the lips.

Start in the centre of the upper lip and continue to spread the product on both sides, reaching the corners. Then, repeat the same action on the lower lip.

To even out the amount of product and make it look uniform, bring both lips together and, that's it!

96 %

skin-friendly ingredients of natural origin:

Hyaluronic Acid, F Vitamin, E Vitamin and Shea Butter.

1%

additional ingredients to ensure the stability and safety of the formula:

odium Benzoate, Potassium Sorbate.

Dermatologically Tested.

FACIAL

CANNANOUR

Anti-ageing Night Treatment

Total hydration

Anti-wrinkle treatment

18 natural active ingredients

Intensely treats the skin to nourish the face and reverse the appearance of fine lines, sagging and wrinkles

Intense treatment that performs overnight to hydrate the face, fight expression lines, flaccidity and reverse wrinkles by penetrating the deepest layers of the epidermis. Improves the functioning of the epidermis, repairing cell damage and restructuring protein production. It incorporates a mixture of 18 natural active ingredients, resulting in an intense cream that retains moisture for hours, helping to nourish and soothe the skin.

TECHNOLOGY

A powerful anti-wrinkle treatment to ensure that the skin is more elastic and hydrated, recovering the water that your skin loses naturally with the effects of the sun, pollution and the passage of time. With a high concentration of antioxidants, vitamins and regenerators to strengthen, nourish and care for the skin.

Fights the signs of aging, achieving smoother, firmer and more luminous skin. Accelerates cell regeneration, maintains its optimal level of function and prevents water loss.

ACTIVE INGREDIENTS

Hemp Oil

Contains various antioxidants that protect the skin from free radicals. These free radicals cause cell degradation and the formation of wrinkles, fine lines, and other signs of aging. This oil prevents the signs of skin aging and helps protect the skin from environmental damage and other external aggressions.

Rosehip Oil

It is an oil with great properties for cell regeneration. Its composition with numerous essential fatty acids (omega 6, omega 3 and linoleic acid), antioxidants and vitamins (retinol - vitamin A, vitamin C, E) make it an essential ally in anti-aging.

Orange Extract

It has a high content of flavonoids, vitamin C and B3. Maintains the good condition of the skin and prevents the oxidative process. Improves the flexibility of the skin, reduces wrinkles and spots that occur on the skin as a result of skin aging and sun exposure.

HOW TO USE

With clean and dry skin, apply daily to face and neck.

Avoid eye contour.

98 %

skin-friendly ingredients of natural origin:

Hemp Oil, Rosehip Oil, Organic Lemon Water, Olive Oil and Orange Extract.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

VITAMINIC

Light Day Cream

Glowing skin

Smooths imperfections

Improves tone

Activates and enhances the luminosity of your skin enjoying a fresh and invigorating dose of vitamin C to start the day.

Contains a complex made up of 3 different types of stable vitamin C and phloretin, with a silky, light texture that is quickly absorbed. Its exceptional antioxidant action is capable of effectively neutralizing the negative impact of free radicals and oxidative stress that cause the appearance of the signs of ageing.

Visibly improves the dull tone of the skin, smooths imperfections and gives vitality to the roughest and dull skin.

TECHNOLOGY

Feel the energizing vitamin C in high concentration that is capable of protecting your skin on multiple levels. It envelops the epidermis with its floral aromas, achieving a splendid, elastic and luminous complexion. Delays signs of fatigue and dull tone.

With multiple benefits for your body, it offers biological protection against pollution, and is deeply moisturizing. In addition, it naturally favours the production of collagen, improving firmness, and provides incredible luminosity.

ACTIVE INGREDIENTS

Vitamin C

Highly effective for skin care, it boosts collagen production to reduce the signs of ageing and correct dark spots. It is an antioxidant known for its ability to improve the appearance of aged skin. Increase radiance, improve texture and visibly reduce the appearance of lines, wrinkles and other signs of ageing.

Phloretin

Works as a powerful antioxidant, reduces the effects of skin ageing and makes it softer, more flexible and rejuvenated. Due to its polarity, phloretin also improves the effective penetration of products into the deeper layers of the skin. Repairs damage and provides a soothing and calming effect.

HOW TO USE

With clean and dry skin, apply daily to face and neck.

Avoid eye contour.

92 %

skin-friendly ingredients of natural origin:

Vitamin C, Marula Oil, Phloretin, Hyaluronic Acid, Phytic Acid and Oat.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested..

VITAMINIC PURE

Brightening Concentrated Serum

Corrects the signs of ageing

Powerful antioxidant

Luminous skin

With Pure Vitamin C, Hyaluronic Acid and Vitamin K1

Vitaminic Pure provides luminosity, smoothness and a more even tone, achieving a rejuvenated skin. With a light texture that is quickly absorbed. The innovative format with vitamin C powder keeps the vitamin C fresh and stable until the first use, when it is mixed with the liquid solution with antioxidant, moisturizing and firming ingredients.

TECHNOLOGY

It helps to obtain a smooth and soft skin thanks to the stimulation of the epidermal fibers, increasing the synthesis of collagen and elastin, which correct wrinkles and signs of aging.

Its high content of pure Vitamin C exerts a powerful antioxidant, firming and illuminating action, which improves the appearance of the skin, unifies the tone and provides vitality.

It allows to recover the luminosity and light lost as a result of the passage of time, photoaging, as well as pollution and environmental aggressions.

ACTIVE INGREDIENTS

Pure vitamin C

Is a powerful antioxidant that is very effective but difficult to stabilize. Our body naturally generates antioxidants that fight free radicals. However, as we age, this capacity is lost and it is necessary to artificially include these active ingredients in our tissues to prevent cell oxidation. The powder format of this innovative container keeps pure vitamin C fresh and stable until the moment of use, preventing its oxidation and the loss of its benefits.

Hyaluronic Acid

Helps to strengthen the extracellular structure of our dermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

Vitamin K1

Is a regenerating and anti-inflammatory active ingredient with properties to help cell repair, it acts in the key processes for skin renewal, increasing collagen formation.

HOW TO USE

Three steps: Activate, shake and apply!

1. To activate the serum, press the cap to release the powder and mix.
2. Shake vigorously for 30 seconds and apply with the dispenser.
3. Use a generous amount all over the face, neck and décolleté.

Once mixed, the product lasts a week before oxidizing.

99 %

skin-friendly ingredients of natural origin:

Pure Vitamin C, Hyaluronic Acid, Vitamin K1, Rosemary Extract, Licorice Extract.

1%

additional ingredients to ensure formula stability and safety:

Dermatologically tested.

MIRACLE

Facial Oil Serum

-  Nourishes and repairs
-  Protects against external agents
-  12 botanical oils

Nourishes and repairs your skin 100% naturally in a single gesture

100% natural facial serum with 12 premium quality vegetable oils for dry, sensitive and dull skin. This serum does not contain water to achieve greater penetration of the active ingredients into the skin, providing the greatest possible nutrition. Helps reduce inflammation, sensitivity, redness, dryness and spots caused by the sun.

TECHNOLOGY

It is a unique and seductive cocktail of 12 precious 100% vegetable oils, to nourish and repair the most damaged skin in a single gesture. It is a treatment that softens the skin in a sublime way and a therapy for inner harmony that connects all the senses.

Get an irresistible radiance and a satin shine without a greasy finish thanks to its inimitable texture with a dry touch. It is capable of revealing and enhancing sensuality thanks to its addictive fragrance that evokes the best floral gardens. With just a few drops the skin is softer, nourished and repaired.

ACTIVE INGREDIENTS

Soybean Oil

With a high content of vitamins, minerals and, above all, isoflavones with antioxidant properties, it has been discovered that soybeans help to keep the skin's hydration levels constantly high.

Olive Oil

Contains a wide variety of antioxidants, minerals and vitamins whose main function is to protect our skin from the different external agents that manage to damage our skin.

Marula Oil

Originally from Namibia, it has been used for centuries to hydrate and repair the skin. Its most special feature is that it has 60% more natural antioxidants than other oils.

Angelica Oil

Contains antioxidant components to combat irritation while rejuvenating and toning the skin.

Argan Oil

Has a high content of vitamins, which makes it a powerful antioxidant. Minimizes expression lines and nourishes the skin.

Sweet Almond Oil

Rich in plant-based proteins, almond oil has a very important nourishing action that makes it suitable for facial care.

Moringa Oil

Special to enhance the natural vitality of the skin, helps keep the skin moist and soft, fights the signs of aging and loss of elasticity, reduces inflammation and helps care for the skin and reduce scars and blemishes. It contains numerous antioxidants and is resistant to oxidative degradation.

Carrot Oil

Has anti-ageing properties thanks to the high concentration of carotenoids it contains. These are powerful antioxidants, photoprotectors, moisturizers and softeners that protect the skin against sun exposure.

Sunflower Oil

Is an excellent skin repair agent. It prevents skin dehydration and has soothing, nourishing and antibacterial properties.

HOW TO USE

Apply a few drops to the face and neck daily for an intense treatment, avoiding the area around the eyes.

In any routine, always use it after cleansing and/or moisturizing.

100 %

skin-friendly ingredients of natural origin:

Soybean Oil, Marula Oil, Moringa Oil, Argan Oil, Olive Oil, Carrot Oil, Sweet Almond Oil, Angelica Oil, Sunflower Oil.

Dermatologically Tested.

OXYSTEM

Cellular Serum

Restores
luminosity

Revitalizes
the skin

Firms the contour

Prevent ageing and reverse cell damage with all the concentrated power of science.

Cell-action serum enriched with glycoproteins, stem cells and antioxidant vitamins that restore the visible radiance of dull and dry skin while strengthening the skin against environmental damage.

Revitalizes the skin with all the necessary nutrients for a young, hydrated and firmed epidermis.

Light formula that nourishes the cells of the epidermis and enhance the process of cellular respiration.

TECHNOLOGY

Each skin is different, and for this reason, each one ages differently depending on its lifestyle and environment. OxySTEM is indicated for each and every one, because its effects are adapted to each type of skin.

It stops cell aging, resynchronizes our natural skin repair process, which acts on our particular way of ageing. Whether the wrinkles your weak point or the dilated pores make you look tired, OxySTEM returns the vitality of youth to your skin.

ACTIVE INGREDIENTS

Glycoproteins

Their main function is to repair dehydrated skin, improve collagen formation and increase the synergistic effect they have with other nutritional trace elements and antioxidants such as vitamins.

Stem Cells

Delay the ageing process and improve quality of life by repairing damaged tissue and regenerating cellular tissue. They promote growth and delay signs of ageing by increasing energy levels.

HOW TO USE

On completely clean and dry skin, apply daily.

Avoid contact with eyes.

98 %

skin-friendly ingredients of natural origin:

Glycoproteins, Stem Cells, Hyaluronic Acid, Retinol.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

RETIBAK

Epigenetic Serum

Regenerates

Improves deep wrinkles

Improves tone

Regenerates and rejuvenates deep wrinkles with all the power of retinol for smooth and luminous skin.

Epigenetic serum that restores and activates your cells for visibly younger skin. Exclusively combines progressive release liposomal Retinol, Bakuchiol, Niacinamide and natural extracts to achieve optimal regenerative efficacy.

TECHNOLOGY

After a certain moment, the signs of ageing begin to appear on the face, but in a second phase, the furrows become more pronounced, the skin is drier and shows signs of fatigue. This Serum regenerates the skin and unifies the tone. Skin looks instantly smoother and more luminous. The skin gradually recovers its firmness and the signs of photoaging are corrected: deep wrinkles, expression lines and uneven skin tone improve.

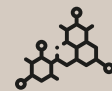

An exclusive concentrated Epigenetic Serum with progressive release liposomal Retinol, the world reference anti-ageing molecule combined with natural Bakuchiol and Vitamin B3 for optimal regenerative efficacy.

ACTIVE INGREDIENTS

Retinol

It is the dermatological molecule most used to rejuvenate the skin and correct deep wrinkles. Liposomal retinol is released gradually, allowing the significant corrective dose to be delivered continuously while respecting the skin's tolerance threshold.

Bakuchiol

Known as the "vegan retinol", because it has similar effects to retinol but it is not irritating, and therefore it is better tolerated. It is an antioxidant, helping to reduce the degradation of collagen and stimulating its synthesis, thus improving the firmness of the skin and the state of expression lines and wrinkles.

It has anti-inflammatory, soothing and antiseptic properties that make it a good ally for oily and acne-prone skin. This natural active ingredient stimulates cell renewal in the epidermis to achieve smoother skin, so it is known as "vegan retinol" that does not produce the typical irritation that retinoids can cause.

HOW TO USE

On completely clean and dry skin, apply daily, at night.

Avoid eye contact.

98 %

skin-friendly ingredients of natural origin:

Liposomal Retinol, Bakuchiol, Niacinamide, Chamomile Extract.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

MISTIFY

Refreshing Balancing Mist

Hydration

Cell balancing

Healthier skin

Awaken your skin and your senses with a hydrating and refreshing energy boost.

Boost of pure energy for your skin. This formula, enriched with organic lemon water and natural extracts, stimulates cellular metabolism, energizes, hydrates, protects, refreshes and illuminates, while stabilizing the cellular osmotic balance, reducing skin redness. Provides an incredible feeling of well-being.

TECHNOLOGY

As you well know, the skin of your face is finer and more sensitive than that of the rest of the body, as well as the part most exposed to external agents. Precisely for this reason, the pH level, in contact with pollution and all environmental factors, can deteriorate the skin. This is where the MISTIFY comes into play. Among its many properties, it restores the natural pH of the skin, keeping it healthy and preparing it to face day-to-day life. Incorporate the MISTIFY as the last step of the cleansing routine and you will notice your skin is healthier, protected, fresh and energized.

ACTIVE INGREDIENTS

Organic Lemon Water

It has a high antioxidant power due to the amount of vitamin C it contains. This type of vitamin is one of the most used antioxidants in skin care. Protects the skin from premature aging by fighting free radicals generated by solar radiation or pollution, among others. Defends the skin against molecules that cause oxidative damage to the skin.

Poria Cocos Extract

It is a natural soothing, perfect for skin care which is stressed by external factors. Helps reduce redness, relieve irritation and maintain the skin's natural balance to get a skin protected against external stress.

Phragmites Kharka Extract

Helps to visibly reduce redness and provides skin with soothing relief. Calms the sensation of stressed skin while helping to balance dermal hydration.

HOW TO USE

The Refreshing Balancing Mist is the express gesture to integrate into the morning and night routine: upon waking for a refreshing veil on the skin and at night to finish the facial care routine.

Spray 15 cm from the face, with eyes closed.

Remove the excess with a tissue or let it dry in the open air.

99 %

skin-friendly ingredients of natural origin:
Organic Lemon Water.

1 %

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

FRESH MASK

Floral Calming Mask

Fights fatigue

Maximum hydration

Reinforces the skin barrier

Instantly revitalizes your skin to dazzle with a fresh and healthy look.

This soothing mask comforts and revitalizes tired skin with sagging features and dull complexion, and sensitive skin that lacks hydration. Formulated with floral extracts that enhance skin cells, lactic acid and oats. A cocktail of nourishing and moisturizing active ingredients to combat signs of fatigue. Activates the natural beauty of the skin, moisturizes and strengthens the skin barrier. Skin tone became fresh and radiant.

TECHNOLOGY

Calming mask for daily use. This floral treatment is like a water shock for dry and dehydrated skin. With a fresh, light and intense texture that calms dehydration to recharge dry skin and replenish lost moisture. Vitamins and minerals nourish and comfort, while a floral blend soothes redness and evens skin tone. This formula delivers a surge of moisture with carefully chosen ingredients to boost hydration right out of the box.

ACTIVE INGREDIENTS

Hamamelis Extract

Calms and decongests, thanks to its purifying properties on the skin. Fight pimples and punctual imperfections, and help to blur marks and scars. Due to the absorbent properties of the tannins it contains, it acts on the dilated pores and helps blur them.

Lactic Acid

It is part of the skin's natural moisturizing factors. Helps to fade the signs of ageing by accelerating the renewal of superficial cells in the epidermis. Strengthens the skin barrier by producing more ceramides, a key component for healthy skin.

Oat

Useful for relieving itching, as it has a calming action and is very good in case of irritation, eczema, itching, dermatitis, hives or psoriasis. It has a cleansing effect, absorbs the dirt that accumulates in the pores. Helps reduce and treat acne by controlling sebum production and the formation of shine on our skin.

Chamomile Extract

Has a stimulating effect on collagen biosynthesis, firming action and activator of blood circulation in the skin that reactivates the skin.

Rosemary Extract

Thanks to the phenolic diterpenes it contains, it is considered a powerful natural antioxidant. It has the ability to inhibit the oxidation of the cell membrane, ensuring that our skin is protected.

Liquorice Extract

Indicated for the treatment of reddened skin, it naturally calms reactive skin.

HOW TO USE

On completely clean and dry skin, apply daily.

Avoid eye contact.

98 %

skin-friendly ingredients of natural origin:
Hamamelis Extract, Lactic Acid and Oat.

1 %

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

SPF

ULTRA SATIN 50

Sun Defence

Total protection

Fights signs of fatigue

Provides luminosity and a touch of colour

Protect your skin from UVB and UVA photoageing with a perfect triple-action sun defence and a touch of colour.

Facial photoprotector with an ultra-light texture for daily use, the perfect defence to combat photoageing. Fights against the signs of fatigue in the skin providing luminosity and a healthy appearance. Contains daisy extract and niacinamide, which reduce oxidative stress and epidermal hyperpigmentation.

Advanced formulation with antioxidant action and high protection against the solar spectrum. Daily use provides intense hydration and offers a triple anti-photoageing action:

High protection that helps prevent sun damage.

Repairs accumulated sun damage at the cellular level.

Reverses the visible signs of photoageing and ageing.

As a whole, it manages to promote the production of collagen, the reduction of wrinkles and improves the luminosity of the skin.

Non comedogenic. Formulated to minimize the risk of allergy.

TECHNOLOGY

Sun damage caused by UVB and UVA solar radiation accumulates and has effects on cellular DNA, skin tone and roughness, and collagen destruction. This deterioration translates into photoaged skin, with deep wrinkles, rough skin and dermal spots.

Daily protection, with a touch of colour appropriate to your skin type, will protect you against photoageing.

The photoprotector designed to enjoy the sun during the hours of greatest radiation and outdoor activities offers high SPF 50 UVB and UVA protection, ideal for use every morning.

Thanks to its intelligent pigments, it adapts to your skin tone and enhances your natural beauty. Evens out skin tone, conceals imperfections, provides a healthier skin sensation, reduces the appearance of wrinkles and combats skin blemishes.

Due to its ultra-light texture and silky finish, it is an excellent option to use daily as the last step in your skin care routine, before applying makeup.

ACTIVE INGREDIENTS

Niacinamide

Provides luminosity and unifies skin tone, reduces hyperpigmentation, protects against environmental pollution, accelerates the differentiation of keratinocytes and raises intracellular levels of enzymes that reduce sun spots, improves the structure of the epidermal surface, smoothest wrinkles and inhibits cell damage.

Daisy Extract

Inhibits the production of melanin in the skin, interfering before the start of synthesis and inhibiting the expression of proteins necessary for melanin synthesis, which is triggered when the skin is exposed to UV radiation. During the melanin production process, daisy extract reduces the production of melanosomes by keratinocytes and reduces the activity of an enzyme called tyrosinase, which acts by accelerating melanin production.

Matrixyl

Peptides that repair sun damage at the cellular level, improving the luminosity and appearance of the skin, promoting collagen production and reducing wrinkles.

HOW TO USE

Apply generously as the last step of the routine, before makeup.

If sun exposure exceeds two hours, we recommend reapplying the product.

Keep out of reach of children.

Avoid eyes and mucous membranes contact.

IMMEDIATE SOLAR BRONZER

Body Milk

Natural and uniform suntan tone

An ideal golden tan. The Immediate Solar Bronzer reinforces the natural tanning process for a radiant and uniform result.

To achieve an intense tan with a natural and optimal tone, in record time. You will achieve a golden, radiant and long-lasting tan.

TECHNOLOGY

The secret lies in carrot oil: a natural and safe tanning activator. This oil of natural origin is known for its high content of carotenoids, in addition to its antioxidant and emollient properties. Carrot oil acts on different aspects of skin pigmentation, enhancing the synthesis of melanin, as well as the transfer of pigments from the deep layers to the most superficial layers of the epidermis. In this way, it stimulates the increase in tanning, providing a beautiful golden tone and prolonging the luminosity of the skin.

With a light, non-greasy texture, it contains carrot oil and provides hydration throughout the day while you tan. The formula leaves no stains and dries quickly, leaving a flawless and even better tone.

ACTIVE INGREDIENTS

Coconut Oil

Thanks to its content of various essential fatty acids such as lauric acid, linoleic acid, caprylic acid and capric acid, among others, it is ideal for keeping the skin in good condition and well nourished. In addition, it contains vitamins E and K.

Carrot Oil

Rich in carotenoids and antioxidants that will prepare the skin to achieve a beautiful golden colour and have skin that is more protected against the aggressions of solar radiation.

HOW TO USE

Apply generously and gently on clean and dry skin before exposure to the sun, it is important not to leave any area uncovered.

Avoid the eye contour and mucous membranes.

98 %

skin-friendly ingredients of natural origin:

Coconut Oil, Carrot Oil.

ECLIPSE 15

Protection against radiation and oxidation
Medium protection

Medium
protection

Light texture

Anti-oxidant

With Bakuchiol and Hyaluronic Acid
SPF 15

Photoprotection 365: protection every day of the year against sun damage and photoaging.

Light and non-sticky sunscreen. Formulated to obtain double protection: against solar radiation and against cellular oxidation of the skin.

The double protection combines to offer a defense against biological damage in the short and long term, which keeps the skin free from the consequences of UV radiation.

TECHNOLOGY

Indicated for normal, sensitive and acne-prone skin. In addition to taking care of the skin against the sun's rays, they provide protection against cellular oxidation of the skin that serves to protect the skin from free radicals.

Medium facial photoprotection in a fluid texture with a light finish.

Suitable for all skin types, even the most sensitive.

It does not sting the eyes.

ACTIVE INGREDIENTS

Bakuchiol

Known as the "vegan retinol", because it has similar effects to retinol but is not irritating, therefore better tolerated. It is an antioxidant, helping to reduce the degradation of collagen and stimulating its synthesis, thus improving the firmness of the skin and the state of expression lines and wrinkles.

Hyaluronic Acid

Helps to strengthen the extracellular structure of the epidermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

HOW TO USE

Apply generously to dry skin half an hour before sun exposure.

Reapply every 2 hours as well as after perspiring or swimming.

Keep babies and children out of direct sunlight.

Keep out of reach of children.

Excessive sun exposure is a major health hazard.

ECLIPSE 25

With 100 % Physical Filters
Medium Protection

Medium
Protection

Physical filters

Fights ageing

With Niacinamide and Vitamin C
SPF 25

Photoprotector that offers innovative facial sun protection with the latest technology in physical filters that, in addition to protecting your skin against the damaging effects of UV radiation and aging caused by the sun, helps fight against free radicals and aging.

Light and smooth formula that combines ultra-refined zinc oxide and titanium oxide without nanoparticles to penetrate your skin, both suspended in natural ingredients that give you complete UV protection without clogging your pores or causing allergies.

It contains a network of natural antioxidant ingredients to neutralize free radicals, minimizing the intensity of UV radiation that penetrates your skin.

The jojoba oil and hyaluronic acid it contains provide short- and long-term hydration, naturally increasing your skin's ability to retain water.

TECHNOLOGY

It manages to create a natural protective layer on the skin while caring for and moisturizing the dermis. It protects the skin from sun damage, it also hydrates and cares for it against oxidation and premature aging.

It works 100% with physical filters, it does not contain chemicals.

Medium facial photoprotection in a fluid texture with a light finish.

Suitable for all skin types, even the most sensitive.

It does not sting the eyes.

ACTIVE INGREDIENTS

Zinc Oxide

It is a perfect sunscreen because it does not break down in sunlight, it does not create free radicals and it does not sensitize the skin.

Niacinamide

Provides luminosity and evens skin tone, reduces hyperpigmentation, protects from environmental pollution, accelerates keratinocyte differentiation and increases intracellular levels of enzymes that reduce sun spots, improves the structure of the epidermal surface, smooths wrinkles and inhibits cell damage.

Vitamin C

Highly effective for skin care, it boosts collagen production, decreasing the signs of aging and correcting dark spots. It is an antioxidant known for its ability to improve the appearance caused by aging skin. Boosts radiance, improves texture, and visibly reduces the appearance of lines, wrinkles, and other signs of aging.

Oats

Helps reduce dehydration of the dermis and fills in wrinkles on the skin.

Titanium Oxide

With micro-sized particles, it is a safe ingredient that works as a broad-spectrum sunscreen.

Jojoba Oil

With great power to penetrate the skin, it has antioxidant and anti-wrinkle properties that serve to prevent wrinkles and neutralize free radicals.

Hyaluronic Acid

Helps to strengthen the extracellular structure of the epidermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

Rosemary Extract

Thanks to the phenolic diterpenes it contains, it is considered a powerful natural antioxidant. It has the ability to inhibit the oxidation of the cell membrane, ensuring that our skin is protected.

HOW TO USE

Apply generously to dry skin half an hour before sun exposure.

Reapply every 2 hours as well as after perspiring or swimming.

Keep babies and children out of direct sunlight.

Keep out of reach of children.

Excessive sun exposure is a major health hazard.

96 %

skin-friendly ingredients of natural origin:

Niacinamide, Oats, Jojoba Oil, Hyaluronic Acid, Rosemary Extract, Centella Asiatica Extract and Chamomile Extract.

ECLIPSE 30

Hydration and Immediate Absorption
High Protection

With Rosehip Oil and Chamomile Extract
SPF 30

Photoprotector with an innovative silky texture that makes it a unique product. It melts perfectly on contact with the skin, is light and transparent and, in addition, leaves the skin velvety smooth and very hydrated.

Although it is suitable for all skin types, especially if you are looking for a 100% transparent finish. Being non-comedogenic, it is perfect for acne-prone skin.

In addition, it contains natural repairing ingredients that not only protect your skin from the sun, but also correct the signs of sun damage.

TECHNOLOGY

Protects the skin thanks to its chemical filters, with a texture that is instantly absorbed and leaves no stains.

Neutralizes the action of free radicals due to its formulation with antioxidants

Repairs the damage to your skin thanks to its natural repairing active ingredients

High facial photoprotection in a fast-absorbing texture and with an invisible finish.

Suitable for all skin types, even the most sensitive.

It does not sting the eyes.

ACTIVE INGREDIENTS

Rosehip Oil

Is an oil with great properties for cell regeneration. Its composition with numerous essential fatty acids (omega 6, omega 3 and linoleic acid), antioxidants and vitamins (retinol - vitamin A, vitamin C, E) make it an essential ally in anti-ageing.

Shea Butter

Rich in fatty acids and vitamins A, D and E, it hydrates and nourishes the skin in depth to protect it from environmental factors.

Chamomile Extract

Has a stimulating effect on collagen biosynthesis, firming action and activator of blood circulation in the skin that reactivates the skin.

Rosemary Extract

Thanks to the phenolic diterpenes it contains, it is considered a powerful natural antioxidant. It has the ability to inhibit the oxidation of the cell membrane, ensuring that our skin is protected.

HOW TO USE

Apply generously to dry skin half an hour before sun exposure.

Reapply every 2 hours as well as after perspiring or swimming.

Keep babies and children out of direct sunlight.

Keep out of reach of children.

Excessive sun exposure is a major health hazard.

ECLIPSE 30 OIL PROTECTION

Protective Dry Oil and Tanning Accelerator
High protection

With Olive Oil and Coconut Oil
SPF 30

Photoprotector that defends against solar radiation and at the same time helps to show off healthy skin with a beautiful tone.

It is a double action oily lotion that provides protection and helps to enhance the skin's natural tan.

Contains a high UV protection factor and antioxidants that protect the skin and prevent sun damage.

Tan, thanks to the natural oils that promote a natural tan of the skin.

Moisturizes, provides luminosity and improves the elasticity and firmness of the skin, making the skin appear more flexible and elastic.

TECHNOLOGY

The formula with natural oils helps to increase the generation of melanin in contact with the sun in a healthy and safe way, to achieve a more lasting tan and at the same time improving the protection capacity against solar radiation.

Suitable for all skin types, even the most sensitive.

It does not itch in the eyes.

ACTIVE INGREDIENTS

Olive Oil

Contains a wide variety of antioxidants, minerals and vitamins whose main function is to protect our skin from the different external agents that manage to damage our skin. Due to its high content of natural fatty acids and its contribution of vitamins E and K, which have a series of factors capable of regenerating the skin, olive oil is a magnificent tool to fight against premature aging in a healthy and natural way, allowing to maintain the natural elasticity of the skin and that it looks soft and smooth.

Sweet Almond Oil

Rich in plant-based proteins, almond oil has a very important nourishing action that makes it suitable for skin care. It stands out for the flexibility it provides to the skin, moisturizing it, nourishing it and preventing it from aging prematurely.

Coconut Oil

Thanks to its content of various essential fatty acids such as lauric acid, linoleic acid, caprylic acid and capric acid, among others, it is ideal for keeping the skin in good condition and well nourished. In addition, it contains vitamins E and K.

HOW TO USE

Apply generously to dry skin half an hour before sun exposure.

Reapply every 2 hours as well as after perspiring or swimming.

Keep babies and children out of direct sunlight.

Keep out of reach of children.

Do not spray on the face.

ECLIPSE 50

Protection against UV Rays
Total protection

Photoprotection 365: protection every day of the year
against sun damage and photoaging.

The highest UVA/UVB protection combined with moisturizing ingredients to protect your skin with hours of hydration, prevent skin from drying out and help your skin come to life.

Ideal protection: acts on 100% of the sun's rays so that you are more protected than ever. With broad spectrum UVA and UVB stable photo-filters.

Your skin is protected from all types of sun rays: UVA and UVB.

With photo-stable filters, an exclusive technology that protects against broad-spectrum sun rays, safely preserves the nature of the skin without allowing sun damage to occur in skin cells.

TECHNOLOGY

Indicated for normal, sensitive and acne-prone skin. In addition to caring for the skin against the sun's rays, strengthen intensive hydration to protect the skin against the dryness and strengthen the skin's barrier.

High facial photoprotection in a superfluid texture with a silky finish.

Suitable for all skin types, even the most sensitive.

No itchy eyes.

ACTIVE INGREDIENTS

Zinc Oxide

Acts as a sunscreen by reflecting and scattering UV radiation. Sunscreen reduces or prevents sunburn and premature aging of the skin.

UVA/UVB filters

These are organic molecules with chromophore groups in the UV region. They act by absorbing ultraviolet solar radiation (they capture incident energy and emit it again as thermal radiation, harmless to the skin). Depending on the wavelength absorbed, a distinction is made between UVB and UVA filters.

HOW TO USE

Apply the sunscreen with a gentle circular massage on clean and dry skin, covering the entire surface of the skin that is exposed to the sun.

Apply 30 minutes before sun exposure. You should repeat the application every hour, especially after swimming, doing intense exercise or sweating excessively.

ECLIPSE 50 BODY MILK

All-round Sunscreen for the Whole Family
High Protection

SPF 50

With Hyaluronic Acid and Sweet Almond Oil

All-round photoprotection that provides protection to our body every day of the year against sun damage and photoaging.

It acts as a shield and allows us to sunbathe safely. With a light texture, it protects and combats damage caused by solar radiation.

Ideal protection: it acts against 100% of the sun's rays so that you are more protected than ever.

With broad-spectrum protection against UVA and UVB rays.

TECHNOLOGY

It offers high protection against solar radiation.

Avoid burns and skin erythema thanks to its combination of chemical and physical filters.

Repairs and contains natural ingredients, a unique combination that slows down and prevents photoaging and dehydration caused by solar radiation.

Light gel-cream texture. Leaves a matte and shine-free finish.

Suitable for all skin types, even the most sensitive.

It does not sting the eyes.

ACTIVE INGREDIENTS

Zinc Oxide

Acts as a sunscreen by reflecting and scattering UV radiation. Sunscreen reduces or prevents sunburn and premature aging of the skin.

Sweet Almond Oil

It stands out for the flexibility it provides to the skin, moisturizing it, nourishing it and preventing it from aging prematurely.

ECLIPSE 50 PLUS

Antioxidant
Very High Sun Protection

SPF 50+

Corrects
hyperpigmentation

PA++++

With Hyaluronic Acid and Niacinamide

Sunscreen against UVA and UVB rays, avoids damage to skin cells thanks to its high Sun Protection Factor SPF 50+. Prevents photoaging and the appearance of wrinkles on the face. Instantly hydrates skin with a non-sticky application.

Sunscreen for daily use that can be used safely even on sensitive skin. Prevents and corrects solar hyperpigmentation. Ultra-light texture with immediate absorption that leaves no residue on the skin.

It is antioxidant and protects from the formation of free radicals. With each application you not only protect your skin from UVA and UVB rays, but also add an additional layer of hydration. While SPF focuses on UVB light (which burns the skin) and measures the rate of protection against sunburn, PA is a parameter that has to do with UVA light (which visibly ages) and protection against the progression of pigmentation.

Thanks to the PA++++ protection, our skin is defended from the long-term effects of the sun.

TECHNOLOGY

The ideal product so that there are no excuses when it comes to protecting the skin 365 days a year, regardless of whether you are in the office or on the beach sunbathing.

It offers protection against sunbeams and is also a protective shield against UVA and UVB rays, since it combines filters that help protect the skin from all the harmful rays of the sun.

Suitable for all skin types, even the most sensitive.

It does not sting the eyes.

ACTIVE INGREDIENTS

Hyaluronic Acid

Helps to strengthen the extracellular structure of our dermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

Niacinamide

Provides luminosity and unifies skin tone, reduces hyperpigmentation, protects against environmental pollution, accelerates the differentiation of keratinocytes and raises intracellular levels of enzymes that reduce sun spots, improves the structure of the epidermal surface, smoothest wrinkles and inhibits cell damage.

ECLIPSE AFTERSUN

Soothes, refreshes and prolongs the tan.
POST-SOLAR

Soothes and
regenerates

Prolongs the tan

Light and
comfortable
texture

With Hyaluronic Acid and Oats

It offers a calming and refreshing effect after sun exposure thanks to its content of natural repairing ingredients.

Moisturizes irritated skin from sun exposure and helps to intensely repair it.

Prevents skin flaking, prolonging the tan.

TECHNOLOGY

After sun exposure it is always important to apply an aftersun to care for the skin.

It has a light, comfortable and easy-to-apply texture, with ingredients specifically designed to help soothe and regenerate the skin.

The best ally to reduce possible skin discomfort after sunbathing.

ACTIVE INGREDIENTS

Oat

Useful for relieving itching, as it has a calming action and is very good in case of irritation, eczema, itching, dermatitis, hives or psoriasis. It has a cleansing effect, absorbs the dirt that accumulates in the pores. Helps reduce and treat acne by controlling sebum production and the formation of shine on our skin.

Chamomile Extract

Has a stimulating effect on collagen biosynthesis, firming action and activator of blood circulation in the skin that reactivates the skin.

Hyaluronic Acid

Helps to strengthen the extracellular structure of our dermis, improving the elasticity and smoothness of our skin. Deeply hydrates the skin and improves its appearance.

BODY

BODY OIL 360°

Body Total Nourishing and Protection

Nourishing.

Anti-aging.

Fights stretch marks and scars.

Dry touch.

Improves the elasticity and firmness.

The Body Oil 360° is a comprehensive formula designed to provide total nourishment and protection to your skin. With a combination of carefully selected ingredients, this body oil offers multiple benefits to improve the appearance and health of your skin.

From the moment you apply this luxurious oil to your skin, you will feel it gently melting, leaving a silky and nourishing sensation. Its lightweight and fast-absorbing texture allows you to enjoy all the benefits without leaving greasy residue.

The secret of this oil lies in its carefully selected ingredients. Sweet Almond Oil and Soybean Oil deeply nourish the skin, leaving it soft, supple, and radiant. It smooths the appearance of dry and cracked skin, providing intense and long-lasting hydration.

In addition to its nourishing power, this body oil is enriched with vitamin E, known for its antioxidant action. Antioxidants protect the skin from damage caused by free radicals, contributing to a healthier and more youthful appearance.

If you are looking to reduce the appearance of stretch marks and scars, the Body Oil 360° is your perfect ally. Its unique combination of ingredients, such as Moringa Oil and Marula Oil, work synergistically to improve the appearance of the skin, promoting a more even and smooth look.

Enjoy an exceptional sensory experience with its delicate and enveloping aroma. Each application will transport you to a wellness oasis and provide you with a moment of personal and authentic care.

The Body Oil 360° is much more than just a body care product. It is an invitation to enjoy nourished, protected, and radiant skin. Treat yourself to the luxury of complete care and feel how your skin transforms with each application.

TECHNOLOGY

The Body Oil 360° is a multifunctional product designed to provide comprehensive nutrition and protection for the entire body. With a unique combination of high-quality ingredients, this body oil offers a wide range of benefits to improve the health and appearance of the skin.

Nutrition: This oil is enriched with Sweet Almond Oil and Soybean Oil, which are known for their ability to deeply moisturize and nourish the skin. These ingredients provide the essential nutrients needed to keep the skin soft, flexible, and healthy.

Anti-aging: The Body Oil 360° contains vitamin E, which is recognized for its ability to protect the skin from damage caused by free radicals.

Anti-stretch marks and scars: With regular use, this body oil can help improve the appearance of stretch marks and scars on the skin.

Dry touch: Despite being a body oil, its lightweight and fast-absorbing texture provides a dry touch sensation on the skin. It does not leave a greasy or sticky feeling, making it ideal for daily use.

Improves elasticity and firmness: It contains oils that are highly known for their firming and toning properties. It improves the elasticity and firmness of the skin, providing a smoother and more youthful appearance.

Enjoy nourished, protected, and rejuvenated skin with the Body Oil 360°.

ACTIVE INGREDIENTS

Sweet Almond Oil

This oil is known for its ability to moisturize and soften the skin. It is rich in essential nutrients such as fatty acids, vitamin E, and vitamin A, which help keep the skin nourished and flexible.

Soybean Oil

It is an emollient ingredient that helps improve skin hydration. It contains essential fatty acids and antioxidants that help protect and nourish the skin, leaving it soft and flexible.

Vitamin E

An antioxidant that protects the skin from harmful free radicals. It helps prevent premature aging of the skin and promotes a younger and healthier appearance.

Fermented roots oil

This combination of fermented extracts from different natural ingredients provides moisturizing and nourishing benefits to the skin. It helps keep the skin soft, flexible, and healthy.

Marula Oil

It is extracted from the seeds of the marula tree and is known for its ability to moisturize and nourish the skin. It contains antioxidants and essential fatty acids that help improve the elasticity and firmness of the skin.

Moringa Oil

It is rich in antioxidants and vitamins, making it a beneficial ingredient for the skin. It helps nourish and protect the skin, improving its overall appearance.

HOW TO USE

Apply and spread all over the body making circular movements until completely absorbed.

BODY SHOWER OIL

Highly Nourishing Balancing Shower Oil

Nutrition + Hydration.

Pure oils, silky foam.

Feeling of wonderful softness.

The Body Shower Oil is a highly cleansing product designed to provide a balancing and deeply nourishing shower experience. With a carefully selected blend of ingredients, this shower oil offers intense nutrition and hydration to leave your skin soft and radiant.

When applied during your shower, you'll enjoy a silky foam that glides smoothly over your skin. The pure oils, such as Olive Oil, Soybean Oil, and Sweet Almond Oil, deeply nourish your skin, leaving it soft, supple, and thoroughly moisturized.

In addition, this shower oil contains a unique complex of fermented extracts that balance and revitalize the skin, helping to restore its natural vitality and improve its appearance and overall health.

The Body Shower Oil is also enriched with vitamin E, known for its antioxidant properties, which protect the skin from damage caused by free radicals and premature aging.

Experience a wonderful sensation of smoothness as you cleanse your skin with this shower body oil. Transform your shower routine into a special self-care moment that leaves your skin clean and deeply nourished in just one step.

TECHNOLOGY

The Body Shower Oil is an innovative product designed to provide a unique cleansing and care experience for your skin. Its functionality is based on a special formula that combines the benefits of nourishing oils with a lightweight and foamy texture.

During your shower, simply apply a small amount of oil to your wet skin and gently massage. As the water comes into contact with the oil, a luxurious, silky foam is created, enveloping your skin and gently removing dirt and impurities.

This highly nourishing shower oil acts as a gentle yet highly effective cleanser, removing excess oil and impurities without drying out the skin. Unlike traditional soaps, it does not disrupt the skin's natural moisture balance, leaving it soft, supple, and thoroughly hydrated.

Furthermore, its unique formula with pure oils such as Olive Oil, Soybean Oil, and Sweet Almond Oil provides deep nourishment to your skin while cleansing. These oils penetrate the deeper layers of the skin, helping to soften, strengthen, and maintain its health.

Enriched with vitamin E, it protects the skin from damage caused by free radicals and environmental stress.

Enjoy a unique and rejuvenating shower experience with the Shower Body Oil. Experience the perfect combination of gentle cleansing and intense nourishment for beautiful and healthy skin with every shower.

ACTIVE INGREDIENTS

Silky Foaming Agents

They help create a rich and silky foam during the shower, enhancing the sensory experience and facilitating the cleansing of the skin.

Olive Oil

This oil is known for its high concentration of fatty acids and natural antioxidants. It nourishes and softens the skin, leaving it hydrated and flexible.

Soybean Oil

Soybean oil is a natural emollient that helps keep the skin moisturized and soft. It contains essential fatty acids and vitamin E, which contribute to improving the appearance and health of the skin.

Sweet Almond Oil

This oil is known for its moisturizing and softening properties. It is rich in fatty acids and vitamin E, which nourish and protect the skin, leaving it soft and flexible.

Fermented roots oil

This combination of fermented extracts from natural ingredients provides nutritive and antioxidant benefits to the skin. It helps to keep it soft, flexible, and healthy.

HOW TO USE

Apply a small amount of oil into your hand.

Upon contact with water, the oil transforms into a foam that gently cleanses the skin.

Avoid eye contact.

BODY FIT CREAM

Reduces the abdominal perimeter, the contour of the thighs and arms

Reduces fatty tissue due to its action on muscle fibers.

Light and moisturizing texture.

Pleasant protective film against cold.

Less oily skin in warm environments.

Designed to help you achieve your body reshaping goals, this cream features an innovative formula and a carefully selected list of ingredients to provide visible results.

Body Fit Cream is specially formulated to reduce abdominal circumference, thigh and arm contours, helping to sculpt and tone your figure. Its powerful combination of active ingredients works synergistically to target fatty tissue and stimulate microcirculation, improving the appearance of the most stubborn areas.

The cream's lightweight and silky texture glides smoothly onto the skin providing a pleasant application experience. Additionally, its moisturizing formula nourishes and softens the skin, leaving it smooth and radiant.

One of the standout features of this cream is its protective film against cold. This means that it not only helps combat accumulated fat but also provides a shield of protection against temperature changes, keeping the skin shielded and comfortable.

In warm environments, Body Fit Cream helps regulate sebum production on the skin, preventing the feeling of oily skin and allowing you to enjoy a sensation of freshness and comfort.

Body Fit Cream is enriched with plant extracts such as milk thistle extract, known for its firming and circulation-stimulating properties. These natural ingredients work together to promote fat reduction and improve the appearance of the skin.

Get ready to show off a slimmer and toned figure with Body Fit Cream!

TECHNOLOGY

Body Fit Cream has been carefully designed to effectively act on the skin, providing specific benefits to help reduce abdominal circumference, thigh and arm contours. Here's how this cream works on the skin:

Reduction of fatty tissue: Body Fit Cream contains active ingredients that target fatty tissue, helping to diminish the irregular appearance. These ingredients work to mobilize and break down fat cells, allowing for gradual reduction in problem areas.

Stimulation of microcirculation: The cream contains plant extracts such as milk thistle extract and bearberry leaf extract, which have stimulating properties for circulation. These ingredients promote better blood flow in the treated areas, which can help improve toxin elimination and enhance the appearance of the skin.

Hydration and softness: Body Fit Cream is enriched with moisturizing ingredients such as sweet almond oil. These components help keep the skin hydrated and soft, preventing dryness and irritation.

Protective film against cold: This cream forms a protective film on the skin, helping to shield it from the adverse effects of cold weather. This feature is especially beneficial in cold climates, as it helps keep the skin protected and comfortable.

Regulation of sebum production: In warm environments, Body Fit Cream helps regulate sebum production on the skin, preventing the feeling of oily skin and maintaining a more balanced and fresher complexion.

For optimal results, it is suggested to use the cream regularly and combine it with a healthy diet and physical exercise.

It is important to note that results may vary from person to person, and consistency and commitment to using the cream are key to achieving the best results.

ACTIVE INGREDIENTS

Sweet Almond Oil

A nutrient-rich natural oil that moisturizes and softens the skin, leaving it nourished and supple.

Milk Thistle Extract

With antioxidant and firming properties, it helps improve the appearance of the skin.

Bearberry Leaf Extract

Traditionally used to help improve circulation and reduce the appearance of cellulite.

HOW TO USE

Apply the cream on clean and dry skin.

Extend it until completely absorbed by making circular movements with a reductive massage to facilitate the penetration of the active ingredients and decongest and tone the skin.

ANTI-CELLULITE CREAM

Anti-Cellulite Daily Treatment

Daily use.
Reduces cellulite.
Smoother skin.

The Anti-Cellulite Cream is a daily treatment designed to effectively combat cellulite and improve the appearance of the skin. With a unique formula and a selection of high-quality ingredients, this cream delivers visible and long-lasting results.

With daily use, this cream helps reduce the classic appearance of cellulite, leaving the skin smoother and firmer. Its formula absorbs quickly, allowing for comfortable and easy application.

Among the key ingredients in this cream is Orange Fruit Water, which has refreshing and revitalizing properties for the skin. Additionally, Sweet Almond Oil nourishes and softens the skin, improving its texture and elasticity.

The cream also contains Caffeine, known for its stimulating and cellulite-reducing properties. It helps improve the skin's microcirculation and eliminate excess fluids, contributing to a more toned and elastic skin.

The Anti-Cellulite Cream is easy to apply and quickly absorbed, making it an effective addition to your daily skincare routine. Enjoy a pleasant experience and notice how your skin becomes smoother, firmer, and radiant with continued use.

Transform your skin and feel lighter, showcasing a smoother and healthier-looking skin with the daily treatment of the Anti-Cellulite Cream.

TECHNOLOGY

The Anti-Cellulite Cream is a daily treatment designed to effectively combat and reduce cellulite, providing smoother and toned skin. Its main functions include:

Reduction of cellulite: This cream has been formulated with specific ingredients such as Caffeine and Orange Fruit Water, which help stimulate skin microcirculation and reduce fat accumulation, contributing to diminishing the appearance of cellulite.

Improvement of skin texture: Thanks to the combination of ingredients like Sweet Almond Oil and Phosphocholine, this cream nourishes and softens the skin, improving its texture and leaving it smoother and more flexible.

Smoother skin: With regular use of this cream, the skin acquires a firmer and more toned appearance. The Caffeine present in the formula helps stimulate the skin, improving its elasticity and promoting a smoother appearance.

Hydration: The presence of ingredients Like Sweet Almond Oil and essential amino acids in the cream provides deep hydration to the skin, keeping it soft and flexible.

Daily use: This cream is designed to be used daily, allowing for optimal results in the treatment of cellulite. Its lightweight and fast-absorbing texture facilitates its application and integration into the daily skincare routine.

ACTIVE INGREDIENTS

Orange Fruit Water

Known for its refreshing and revitalizing properties for the skin. It contains nutrients and antioxidants that help hydrate and improve the appearance of the skin, leaving it softer and radiant.

Sweet Almond Oil

Highly nourishing ingredient due to its moisturizing and softening properties. It is rich in essential fatty acids and vitamin E, which nourish the skin and help keep it flexible and healthy.

Caffeine

Highly effective due to its stimulating and fat-reducing properties. It helps stimulate blood circulation and break down fat cells, which contributes to reducing the appearance of cellulite.

Phosphocholine

It is a natural compound that helps improve the appearance of the skin and reduce sagging. It contributes to strengthening the skin barrier and keeping the skin hydrated and toned.

Lysine Hcl and Valine

These essential amino acids have beneficial properties for the skin. They help strengthen tissues and improve the overall appearance of the skin, contributing to a firmer and toned look.

HOW TO USE

Apply the cream to clean and dry skin.

Spread it until completely absorbed by making circular movements to stimulate microcirculation.

98 %

skin-friendly ingredients of natural origin:

Orange Water, Almond Oil and Caffeine.

1%

additional ingredients to ensure the stability and safety of the formula:

STRETCH MARK CREAM

Prevents the Formation of Stretch Marks

Enhances the elasticity and flexibility of the skin.

Helps prevent the appearance of new stretch marks.

Visibly reduce the appearance of existing stretch marks.

The Stretch Mark Cream is a specially formulated treatment designed to prevent the formation of stretch marks and improve the appearance of already existing marks. With a carefully selected combination of natural ingredients, this cream offers a range of benefits to enhance the elasticity and flexibility of the skin.

This cream is designed to help prevent the formation of new stretch marks by strengthening and nourishing the skin. Its formula, rich in ingredients such as Shea Butter and Rosehip Seed Oil, provides deep hydration, improving the skin's elasticity and keeping it flexible and resilient.

It also visibly reduces the appearance of existing stretch marks. It contains collagen and elastin, two key ingredients that help improve the appearance of stretch marks by promoting skin regeneration and repair.

The cream also contains botanical extracts such as Centella Asiatica, Rosemary extract, and Chamomile extract, known for their regenerative and antioxidant properties. These ingredients help strengthen the skin, reinforce collagen and elastin production, and improve the overall appearance of the skin.

Enjoy a smooth and pleasant application with this cream, which absorbs quickly without leaving a greasy feeling on the skin.

Keep your skin nourished, hydrated, and protected to enjoy smooth and mark-free skin.

TECHNOLOGY

The Stretch Marks Cream uses a combination of active and nourishing ingredients to prevent the formation of stretch marks and improve the appearance of already existing marks. Its functioning is based on the following technical aspects:

Enhances skin elasticity and flexibility: It contains ingredients such as Shea Butter, Rosehip Oil, and Centella Asiatica extracts, known for their moisturizing and regenerative properties. These ingredients help strengthen the dermal structure and improve the elasticity and flexibility of the skin, thereby reducing the likelihood of stretch mark formation.

Helps prevent the appearance of new stretch marks: Formulated with ingredients that promote deep hydration of the skin and enhance its elasticity. This helps maintain the skin in optimal condition, preventing the rupture of dermal fibers and, consequently, preventing the formation of new stretch marks.

Visibly reduces the appearance of existing stretch marks: The presence of collagen and elastin in the cream helps improve the appearance of existing stretch marks. These key components of the extracellular structure of the dermis work synergistically to promote skin regeneration, restore natural texture, and smooth the appearance of stretch marks, making them less visible.

ACTIVE INGREDIENTS

Shea Butter

Highly nourishing and emollient, it is known for its ability to hydrate and soften the skin. It contains essential fatty acids and vitamins that improve skin elasticity and keep it smooth and flexible.

Rosehip Oil

Extracted from rosehip seeds, it is known for its regenerative and reparative properties. It contains essential fatty acids and antioxidants that help improve the appearance of the skin, reduce blemishes, and promote smoother and more radiant skin.

Collagen and Elastin

These are structural proteins naturally found in the skin. Collagen is responsible for skin firmness and elasticity, while elastin is responsible for flexibility. Together, they help improve the appearance of existing stretch marks and maintain smoother and more flexible skin.

Centella Asiatica Extract

This plant extract has anti-inflammatory and regenerative properties. It helps strengthen the skin barrier, stimulates the production of collagen and elastin, and promotes skin healing.

Polygonum Cuspidatum Extract

Rich in resveratrol, a powerful antioxidant that protects the skin from damage caused by free radicals. It also has anti-inflammatory properties that help soothe sensitive skin and reduce redness.

Scutellaria Baicalensis Extract

Helps soothe irritated skin, reduce redness, and promote a more even appearance. It also contributes to strengthening the skin barrier and protecting the skin from external environmental factors.

Camellia Sinensis Extract

Obtained from green tea, it is known for its antioxidant and soothing properties. It helps protect the skin from damage caused by free radicals, reduce inflammation, and improve the appearance of the skin.

Liquorice Extract

With anti-inflammatory and soothing properties, it helps reduce redness, alleviate irritation, and improve the appearance of sensitive skin.

Chamomile Extract

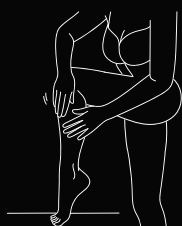

It has calming and soothing properties. Helps soothe sensitive skin, reduce inflammation, and alleviate irritation.

Rosemary Extract

Helps protect the skin from oxidative stress, improves circulation, and promotes a younger and revitalized appearance.

HOW TO USE

Apply the cream on clean and dry skin.

Extend until completely absorbed by making circular movements, to favor its total absorption.

98 %

skin-friendly ingredients of natural origin:

Shea Butter, Rosehip Oil, Collagen, Elastin, Rosemary Extract, Centella Asiatica Extract and Chamomile Extract.

1 %

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

Dermatologically Tested.

IMMEDIATE SPARKLING BODY CREAM

Glow Up your Skin with Golden Sparkles

Luminous finish.
Elasticity.
Firmness.
Skin antioxidant.

The Immediate Sparkling Body Cream is the secret to illuminate your skin with golden shimmer and achieve an instant radiant look. This special cream provides a luminous finish and enhances the natural beauty of your skin.

Thanks to its unique formula and careful selection of ingredients, this cream offers a range of benefits that improve the appearance and health of your skin. With its use, you will experience a radiant glow and visibly more elastic and firm skin.

The cream contains moisturizing ingredients such as Sweet Almond Oil, which helps keep the skin soft and flexible. Additionally, its formula enriched with fermented extracts of Argan oil, Olive oil, and Sunflower seed oil, combined with other natural extracts, provides deep nourishment and an antioxidant effect for the skin.

With its lightweight and fast-absorbing texture, this cream is easily applied all over the body, leaving a delicate golden shimmer that enhances your skin tone. It contains mica particles that create the golden shimmers and provide a radiant appearance.

The Immediate Sparkling Body Cream is perfect for use on special occasions or when you want to highlight your natural beauty. Enjoy its pleasant fragrance and subtle glow as you indulge in a unique sensory experience.

Achieve an instant dazzling glow and shine with the Immediate Sparkling Body Cream.

TECHNOLOGY

The Immediate Sparkling Body Cream offers a range of functions that enhance and improve the appearance of the skin:

Luminous finish: This cream is formulated to provide a subtle and radiant glow to the skin, creating a luminous effect that enhances your natural beauty. The golden shimmers provide a soft and delicate sheen that illuminates the skin.

Elasticity: The formula of this cream helps improve the elasticity of the skin, providing a sense of firmness and tonicity. Moisturizing and nourishing ingredients such as Sweet Almond Oil and Soybean Oil keep the skin soft and flexible.

Firmness: With regular use, this cream contributes to improving the firmness of the skin. The active ingredients work synergistically to strengthen the skin tissues and improve the overall appearance of the skin, providing a firmer and more toned look.

Skin antioxidant: The cream contains fermented extracts of Argan oil, Olive oil, and Sunflower seed oil, which are rich in antioxidants. These antioxidants help protect the skin from free radicals and other harmful environmental factors, contributing to a healthier and more youthful appearance.

ACTIVE INGREDIENTS

Sweet Almond Oil

Highly nutritious and emollient ingredient. Helps hydrate and soften the skin, providing a smoother and more flexible appearance.

Soybean Oil

Rich in essential fatty acids and vitamin E. Helps nourish and protect the skin, providing hydration and keeping it soft and flexible.

Fermented roots oil

This combination of fermented extracts from various natural ingredients offers moisturizing and nourishing benefits to the skin. Helps keep the skin soft, flexible, and healthy.

Vitamin E

Acts as an antioxidant and helps protect the skin from harmful free radicals. Contributes to maintaining healthy and youthful-looking skin.

Mica

Is a safe mineral used to provide a subtle and radiant shimmer. In the sparkling body cream, mica helps create a luminous and glowing effect on the skin, adding golden sparkles.

HOW TO USE

Apply and spread all over the body making circular movements, especially in those areas that you most want to illuminate.

98 %

skin-friendly ingredients of natural origin:

Almond Oil, Soybean Oil and Argan Oil.

BODY CREAM WITH MAXINADIN

Sensitive Skin Body Treatment

Restores and calms the skin.

Enhances the skin's defense system.

Prevents and treats redness and irritation.

The Body Cream with Maxinadin is a specially formulated treatment for sensitive skin. Its unique formula with carefully selected ingredients provides benefits that restore, soothe, and protect the skin.

Designed to restore sensitive skin, it provides relief and calms irritations and redness. Its gentle and effective formula helps strengthen the skin's natural defense system, protecting it from external factors that can cause sensitivity and reactivity.

Among the key ingredients is Rosehip Oil, known for its regenerating and soothing properties. This oil deeply nourishes the skin, improving its elasticity and helping to reduce irritations.

Additionally, the cream contains botanical extracts such as Centella Asiatica, which have anti-inflammatory and antioxidant properties. These natural ingredients help prevent and treat redness while protecting the skin from damage caused by free radicals.

The presence of Camellia Sinensis and Chamomile extracts provides soothing and softening properties, helping to reduce the feeling of itching in sensitive skin.

The Body Cream with Maxinadin is an ideal choice for daily care of sensitive skin. Its smooth and fast-absorbing texture allows for comfortable application and leaves the skin hydrated and protected throughout the day.

Enjoy moisturized, soft, and protected skin with the Maxinadin body treatment.

TECHNOLOGY

The Body Cream with Maxinadin is a highly effective treatment specifically designed for sensitive skin. Its functionality is based on a careful combination of bioactive ingredients that work together to provide multiple benefits to the skin.

The cream restores and calms sensitive skin. Soothing and regenerating ingredients such as Rosehip Oil help alleviate irritations and redness, restoring the skin barrier and providing a sense of relief.

Furthermore, the cream enhances the skin's natural defense system. Natural botanical extracts such as Centella Asiatica, Rosemary Extract, and Chamomile Extract, known for their antioxidant and anti-inflammatory properties, help strengthen the skin and protect it from external factors.

It also stands out for its ability to prevent and treat redness and irritations. It has soothing and softening properties, helping to reduce the appearance of redness and alleviate discomfort in sensitive skin.

The cream is quickly absorbed, leaving the skin soft, hydrated, and protected. Its lightweight and non-greasy texture allows for a smooth and pleasant application.

ACTIVE INGREDIENTS

Shea Butter

Highly nourishing, it is known for its moisturizing and softening properties. It helps improve the elasticity of the skin and keeps it smooth and flexible. It also contains vitamins and fatty acids that deeply nourish the skin.

Rosehip Oil

Obtained from the seeds of the rosehip, it is known for its regenerating and repairing properties for the skin. It contains essential fatty acids and antioxidants that help improve the appearance of the skin, reduce blemishes and marks, and promote softer and more radiant skin.

Centella Asiatica Extract

Known for its soothing and regenerating properties. It helps strengthen the skin barrier, stimulates the production of collagen and elastin, and promotes skin healing. It also has antioxidant and anti-inflammatory properties that help keep the skin healthy and protected.

Polygonum Cuspidatum Extract

Rich in resveratrol, a powerful antioxidant that helps protect the skin from oxidative stress and damage caused by free radicals. It also has anti-inflammatory properties that help calm sensitive skin and reduce redness.

Scutellaria Baicalensis Extract

It has antioxidant and anti-inflammatory properties. It helps calm irritated skin, reduce redness, and promote a more even appearance. It also contributes to strengthening the skin barrier and protecting the skin from environmental aggressors.

Camellia Sinensis Extract

Extracted from green tea, it is known for its antioxidant and soothing properties. It helps protect the skin from damage caused by free radicals, reduce inflammation, and improve the overall appearance of the skin.

Liquorice Extract

With anti-inflammatory and soothing properties. It helps reduce redness, relieve irritation, and improve the appearance of sensitive skin.

Chamomile Extract

Helps calm sensitive skin, reduce inflammation, and soothe irritation due to its calming and softening properties.

Rosemary Extract

Helps protect the skin from oxidative stress, improve circulation, and promote a fresher and revitalized appearance.

HOW TO USE

Apply the cream on clean and dry skin.

Extend until completely absorbed by making circular movements, to favor its total absorption.

98 %

skin-friendly ingredients of natural origin:

Shea Butter, Rosehip Oil, Liquorice Extract, Rosemary Extract, Centella Asiatica Extract and Chamomile Extract.

BODY SCRUB

Body Scrub with Natural Particles

Cell renewal.

Soft and hydrated skin.

Stimulates the elimination of toxins.

The Body Scrub is an essential treatment to renew and revitalize your skin. Formulated with high-quality ingredients, this body scrub uses natural particles to provide gentle yet effective exfoliation.

When applied to your body, the almond shell particles glide smoothly over your skin, removing dead cells and promoting cellular renewal. This exfoliation process helps improve the texture of your skin, leaving it soft, fresh, and radiant.

The formula also includes Sweet Almond Oil and Olive Oil, which provide deep hydration and nourishment to your skin. These ingredients help keep your skin soft, supple, and well-hydrated, preventing dryness and roughness.

In addition to exfoliating and moisturizing, this scrub stimulates the elimination of toxins from the skin. Its revitalizing properties help remove impurities and promote healthier, more radiant skin.

Enjoy the sensory experience of this body scrub and indulge in its gentle fragrance. Its creamy texture is easy to apply and rinses off effortlessly, leaving your skin renewed, soft, and hydrated.

Incorporate the Body Scrub into your body care routine and discover the benefits of revitalized and radiant skin.

TECHNOLOGY

The Body Scrub is designed to provide you with a range of functions that will enhance the appearance and health of your skin:

Cellular Renewal: Thanks to the natural almond shell particles, this exfoliating cream promotes the removal of dead skin cells and stimulates cellular renewal. This helps improve the texture and radiance of the skin, leaving it smooth and radiant.

Smooth and Hydrated Skin: Ingredients such as Sweet Almond Oil and Olive Oil enrich this cream with moisturizing and nourishing properties.

Stimulates the Elimination of Toxins: The exfoliating action of this cream helps eliminate impurities and toxins accumulated in the skin. By removing these impurities, it promotes healthier-looking skin and improves its overall appearance.

The Body Scrub is ideal to incorporate into your body care routine as it provides the benefits of gentle yet effective exfoliation, leaving your skin renewed, smooth, and hydrated. Enjoy a rejuvenating experience and enhance the appearance of your skin with this high-quality exfoliating cream.

ACTIVE INGREDIENTS

Sweet Almond Oil

Known for its moisturizing and softening properties for the skin. It is rich in fatty acids and vitamin E, which helps keep the skin nourished, smooth, and flexible. It also provides antioxidant benefits that protect the skin from damage caused by free radicals.

Almond Shell

Is a natural exfoliant that helps gently remove dead skin cells and stimulate cellular renewal. The particles of sweet almond shell powder act as a gentle abrasive that promotes exfoliation, leaving the skin softer and renewed.

Olive Oil

Valuable for its moisturizing and nourishing properties. It contains essential fatty acids and antioxidants that help keep the skin soft, flexible, and protected against environmental damage. Additionally, it has soothing and anti-inflammatory properties that help alleviate irritation and soften the skin.

HOW TO USE

Apply and spread using gentle upward circular movements to remove impurities and stimulate circulation at the same time.

Avoid exfoliating the most delicate areas of the body.

98 %

skin-friendly ingredients of natural origin:

Olive Oil, Almond Oil and Almond Shell.

1%

additional ingredients to ensure the stability and safety of the formula:

BUST FIRMING

Breast Anti-aging Remodeling Cream

Effectively firms sagging breasts while hydrating and smoothing the skin, restoring its natural beauty and smoothness.

Formulated to provide you with an effective and comprehensive solution to combat sagging breasts and lack of skin firmness. Designed with carefully selected ingredients, this cream effectively firms sagging breasts while hydrating and smoothing the skin, restoring its natural beauty and firmness.

The formula features natural ingredients to provide intense hydration, keeping the breast skin soft and flexible. Additionally, they help improve the appearance of the skin, leaving it firmer and more toned.

To combat breast sagging, we have included Fermented Green Algae extract, known for its firming and toning properties. This natural ingredient helps strengthen the tissues and improve the overall appearance of the breasts.

Furthermore, it contains Quince extract, which is rich in antioxidants and helps protect the skin from premature aging. The combination of these active ingredients works synergistically to provide visible and long-lasting results.

Our cream is easy to apply and quickly absorbed, making it ideal to incorporate into your daily skincare routine. With its mild and pleasant fragrance, it provides you with a delightful sensory experience while taking care of yourself.

TECHNOLOGY

Designed to provide you with effective and visible results in the firmness and appearance of your breasts. Its unique and careful formula acts in multiple ways to provide firming and rejuvenating benefits:

Sagging breast firming: Active ingredients like Fermented Green Algae extract work synergistically to strengthen breast tissues, improving their firmness and lift. This helps combat sagging and restore a more toned and youthful appearance to the breasts.

Hydration and smoothness: The cream contains moisturizing ingredients such as sweet almond oil, which help keep the skin of the bust area soft, flexible, and well-hydrated. This provides a sense of comfort and prevents dryness and roughness.

Overall improvement in appearance: The natural ingredients in the formula help enhance the texture and appearance of the skin, leaving it smoother, firmer, and more toned. These ingredients work to soften the appearance of wrinkles and fine lines, providing a more youthful and rejuvenated look.

Antioxidant protection: Quince extract, rich in antioxidants, helps protect the skin from damage caused by free radicals and premature aging. This contributes to maintaining healthier and more resilient breast skin, resistant to signs of aging.

Regular use is recommended for best results, along with a healthy diet and physical exercise for a comprehensive approach to breast care.

Regain confidence in your breasts and enjoy a firmer, rejuvenated appearance.

ACTIVE INGREDIENTS

Sweet Almond Oil

This oil is known for its ability to moisturize and soften the skin. It is rich in essential nutrients such as fatty acids, vitamin E, and vitamin A, which help keep the skin nourished and flexible.

Organic Silica

Used for its firming and rejuvenating properties. It helps improve the penetration of the other active ingredients in the formula, contributing to combating sagging and maintaining a more toned appearance.

Mangosteen Peel Extract

This extract is known for its high content of antioxidants. Antioxidants help protect the skin from damage caused by free radicals, which can accelerate skin aging.

Fermented Green Algae Extract

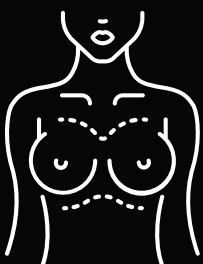

This combination of *Chlorella Vulgaris* algae extract and lupine protein (*Lupinus Albus*) has firming and nourishing properties for the skin. It helps strengthen tissues and improve the appearance of the breast skin, providing a firming and toning effect.

Quince Extract

This extract is obtained from the seeds of the *Pyrus Cydonia* plant. It has antioxidant and astringent properties, which contribute to improving the appearance of the skin. It helps tone and firm the skin, providing a more youthful and firmer look to the bust area.

HOW TO USE

Apply the cream on clean and dry skin.

Extend it until completely absorbed by making circular movements with an upward massage to facilitate the penetration of the active ingredients and tone the skin.

97 %

skin-friendly ingredients of natural origin:

Quince Extract, Fermented Green Algae and Sweet Almond Oil.

1%

additional ingredients to ensure the stability and safety of the formula:

Sodium Benzoate, Potassium Sorbate.

HAIR

KOJAXIN

Hair Treatment
Loss & Growth

Hair growth is a natural process regulated by hormones in our body. It is a cyclic process that lasts for months, and therefore when hair loss begins to occur, patience is necessary to reverse this phenomenon. To achieve lasting results, it is necessary to be consistent with the treatment, as changes start to become noticeable after 45 days.

After this established time, small tufts of hair begin to grow around the hairline, which may appear as baby hairs or broken strands. This is new hair growth, which will become thicker and denser as it grows and gains strength over time.

Kojaxin is not only intended for those who want to recover their hair and reverse the loss process, but also for those who want to prevent thin and sparse hair, and for those who simply want to maintain the quality of their hair and use it as a preventive treatment.

TECHNOLOGY

Kojaxin is a hair serum that strengthens hair and activates the growth of hair follicles without the need for ingredients with hormonal activity against hair loss.

It contains 16 highly concentrated and pure active ingredients. The combination of these 16 ingredients produces a synergistic effect that directly acts on the hair follicles of the scalp, reducing hair loss, increasing the volume and density of existing hair, and promoting the growth of hair fibres that were in the shedding phase.

Growth is stimulated in the long term, resulting in radiant-looking hair and healthy vitality from the root of the scalp to the tips. It reinforces the structure, resistance, fullness, and strength of thin and weak hair in both women and men. It can be used to activate hair growth or as a preventative measure to promote long-term hair follicle health.

CLINICAL TESTS

A study has been conducted with 20 male and female participants aged between 18 and 65 years old, with hair loss present on the scalp. The study was conducted by evaluating hair density with the TrichoScan® equipment using the standards set by the SCCS in the Guide for Human Research.

The TrichoScan® equipment is capable of measuring the amount of hair fibres present in an area, measuring every centimeter of the surface and analyzing the presence of hair fibres. The presence of more fibres as the treatment is used is a sign of an increase in hair growth.

EVALUATION OF HAIR DENSITY BY TRICHOSCAN® EQUIPMENT

After 45 daily applications

50.0%

of the volunteers involved in the study noticed greater hair density (up to 17.6% increase)

After 150 daily applications

90.0%

of the volunteers involved in the study noticed greater hair density (up to 29.5% increase)

Images of hair growth in the volunteers

ACTIVE INGREDIENTS

Lemon Bio Water

Rich in vitamins and minerals that help revitalize and detoxify hair fibres, thus protecting the hair. In addition, it has a high concentration of potassium, an essential element for life and beneficial for the treatment of hair follicles without growth: it provides an extra energy boost and vitality, leaving the hair fresh and strengthened

Pea Proteins

High concentration of vegetable protein peptides that provide powerful results in hair fibres. Due to the high concentration of antioxidants such as carotenoids -lutein in particular- and flavonoids, in addition to a high content of vitamin C, vitamin B1, vitamin B2, peas act as antioxidants preventing cellular aging and activating cellular growth from the root of the hair follicle.

Turmeric Conditioner

Used for the prevention and reduction of hair loss, achieving an increase in hair density. It stimulates follicular activity, optimizes the hair cycle, and improves the density, hardness, and health of growing hair.

Panthenol

Penetrates the cuticle and hair shaft, where it helps retain moisture and provides volume. It is also a useful moisturizer and emollient. It spreads evenly over the surface of hair strands, forming a thin film on the surface of the cuticle. This film provides greater cohesion to the reflection of light on the surface of the hair, which is manifested in exceptional shine and radiance, providing a healthy hair appearance.

Arginine

Is an essential amino acid that is not produced by our body and that is part of the hair proteins, that is, of keratin. This amino acid is a precursor to a substance called nitric oxide, which is essential for natural hair growth.

Soy Extract

Nourishes and moisturizes the hair, restores its flexibility and gives shine, while rehydrating the hair, preventing its loss of colour and protecting the hair tone.

Wheat Extract

Is a source of essential fatty acids, antioxidants, and high-quality proteins that help prevent and treat hair loss. It promotes healthy hair growth, combats dryness, acts as a natural conditioner, protects the scalp, and helps seal split ends.

Ginkgo Extract

Activates microcirculation in the scalp. By stimulating blood flow in the scalp, hair follicles receive a greater supply of oxygen and blood. Without this supply, the hair becomes weaker, devitalized and eventually falls out.

Peptides

Are vital for the scalp to grow strong. But in addition to stronger hair, hair peptides are one of the best remedies against hair loss, promoting growth and providing thickness and vitality.

Hops Extract

Has astringent and antiseborrheic properties that help fight certain irregularities in the scalp, such as scaling, excess sebum, dandruff, and other circumstances that contribute to altering hair health. The use of hops on hair helps to calm irritated or saturated scalp, and allows hair to grow stronger and shinier, preventing hair loss and keeping it free of impurities.

Alfalfa Extract

Is a source of vitamins A, B, C, E and K, as well as minerals such as iron, magnesium, phosphorus, manganese, cobalt, silica, copper, molybdenum, and zinc. All of them are essential for healthy and strong hair. The bioactive substances present in alfalfa (such as chlorophyll) confer a high antioxidant level that helps us to fight the environmental factors that can cause our hair to fall prematurely.

Sweet Clover Extract

Is rich in isoflavones, natural estrogens that strengthen hair, prevent dandruff and scalp irritations.

Amino Acids

Are the fundamental building blocks of hair fibre structure. They provide nutrition, hydration, enhance hair growth, and generate a repairing effect on brittle hair.

Microalgae

Extract from the Isochrysis Galbana algae, whose clinical studies demonstrate that it contains molecules that participate in the hair growth process, enhancing the appearance of new hair fibres and at the same time strengthening and fortifying existing hair.

Phytic Acid

The absence of vitamins causes hair to grow fragile and brittle. This molecule stimulates hair follicles, promotes cell regeneration, and accelerates the action of other nutrients that participate in hair health.

Lactic Acid

Known for favouring skin and hair hydration, it penetrates inside hair fibres and reinforces the molecular structure, giving vitality and strength to hair from the inside, necessary for robust and dense hair growth.

99 %

skin-friendly ingredients of natural origin:

Pea Proteins, Isochrysis Galbana Microalgae Extract, Turmeric Conditioner, Lemon Water, Panthenol, Arginine, Soy Extract, Wheat Extract, Ginkgo Extract, Peptides, Hops Extract, Alfalfa Extract, Sweet Clover Extract, Amino Acids.

HEALTH

ALESSINE

Long-Lasting Deodorant

With Shea Butter and Silver

With ingredients that act directly on the dermal microbiota, it manages to eliminate all the toxins that the skin accumulates due to the use of chemical products. Purifies and neutralizes odour-causing bacteria thanks to natural ingredients.

TECHNOLOGY

Eliminates bacteria and fungi from the armpit with a single application. In the same way, it suppresses the bad smell coming from the toxins that the microbiota releases through sweating.

It acts on a wide spectrum of microorganisms by deactivating the enzymes that bacteria and fungi use to metabolize oxygen; that is, it manages to disable the "chemical lung" of these germs in minutes, causing suffocation. For this reason, unlike what happens with synthetic and traditional deodorants, bacteria cannot develop resistance mechanisms or any type of mutation that allows them to escape the bactericidal action of silver.

ACTIVE INGREDIENTS

Shea butter

Rich in fatty acids and vitamins A, D and E, it hydrates and nourishes the skin in depth to protect it from external aggressions.

Silver

It is a powerful natural antibiotic that can help us fight different pathogens at the same time and has the advantage of not presenting allergic reactions or side effects. It has the ability to eliminate fungi and bacteria.

HOW TO USE

Shake before use.

Wash and dry your skin completely. Apply a small amount to your armpits and gently massage with the fingertips until completely absorbed. Repeat when necessary.

With a single application you will obtain an effectiveness that will last for two to seven days, depending on each person.

It is designed so that playing sports, leading an active lifestyle or bathing do not reduce effectiveness.

99 %

skin-friendly ingredients of natural origin:

Sweet Almond Oil, Coconut Oil, Shea Butter and Soybean Oil.

1%

additional ingredients to ensure formula stability and safety:

Stearalkonium Hectorite.

Dermatologically tested.

GOODWHITE

The Safe Brightener

With Shea Butter and Daisy Extract..

Contains natural ingredients that act efficiently to homogenize and lighten skin tone by interfering with the formation of melanin, the natural pigment responsible for skin colour.

Skin colour is determined by the type, quantity and distribution of the natural pigment: melanin.

Natural ageing, air pollution and exposure to UV rays induce the abnormal accumulation of melanin in the skin, giving rise to sun spots, freckles, melasmas, lentigines, etc. They are the result of unwanted hyperpigmentation that, in addition to being unsightly in many cases, can lead to skin problems.

To limit the synthesis of melanin, the key enzyme is tyrosinase, since this enzyme acts directly on the formation of melanin, decreasing its synthesis and reducing skin pigmentation.

TECHNOLOGY

It regulates the activity of the tyrosinase enzyme, Goodwhite, it manages to inhibit the formation of melanin, obtaining whitening efficacy without any type of toxicological response such as eye irritation, phototoxicity or skin sensitivity.

Its efficacy and formula stability are clinically proven. It exerts a photoprotective effect (prevention of skin damage induced by UV rays) providing results in just two months, giving a more homogeneous skin tone and with fewer spots, reducing hyperpigmented areas and protecting the skin.

ACTIVE INGREDIENTS

Daisy Extract

Inhibits the production of melanin in the skin, interfering before the start of synthesis and inhibiting the expression of proteins necessary for melanin synthesis, which is triggered when the skin is exposed to UV radiation. During the melanin production process, daisy extract reduces the production of melanosomes by keratocytes and reduces the activity of an enzyme called tyrosinase, which acts by accelerating melanin production.

Shea Butter

Rich in fatty acids and vitamins A, D and E, it hydrates and nourishes the skin in depth to protect it from environmental factors.

HOW TO USE

Unifies and illuminates the complexion.

Apply with a gentle circular massage.

It is recommended to first apply a chemical peel to enhance the results of the treatment.

Use the cream on clean and dry skin of face, neck and décolleté.

Avoid the eye contour area and mucous membranes.

97.4 %

MAXINADIN

Formulated for Sensitive Skin

With Rosehip Oil, Shea Butter and Rosemary Extract.

Maxinadin enhances the defense system of your skin, moisturizes and repairs it from the inside. It combines a large number of natural active ingredients with a high regeneration power that make up Maxinadin, restoring the natural skin barrier, leaving skin smooth, repaired and soft.

It contains a synergy of vitamins, antioxidants and fatty acids that act on all the needs of the skin, achieving a repairing effect, reducing redness and maintaining the vitality of our skin cells to the maximum.

TECHNOLOGY

The combination of natural plant extracts, vitamins and plant oils together show a synergistic regenerative and immunoregulatory effect, due to its content in modulators of the immune system, reducing interleukins.

These biochemical modulators generate an inhibition of the inflammatory response, reducing programmed cell death and enhancing the repair capacity of skin cells.

ACTIVE INGREDIENTS

Rosehip Oil

Is an oil with great properties for cell regeneration. Its composition with numerous essential fatty acids (omega 6, omega 3 and linoleic acid), antioxidants and vitamins (retinol - vitamin A, vitamin C, E) make it an essential ally in anti-ageing.

Shea butter

Rich in fatty acids and vitamins A, D and E, it hydrates and nourishes the skin in depth to protect it from environmental factors.

Rosemary Extract

Thanks to the phenolic diterpenes it contains, it is considered a powerful natural antioxidant. It has the ability to inhibit the oxidation of the cell membrane, ensuring that our skin is protected.

HOW TO USE

Apply on any part of the body with sensitive skin.

Massage gently until completely absorbed. It is recommended to apply twice a day (morning and night) to get all the benefits.

Avoid eye contour.

Keep out of the reach of children.

97.4 %

skin-friendly ingredients of natural origin:
Rosehip Oil, Shea Butter and Rosemary Extract.

1%

additional ingredients to ensure formula stability and safety:

Benzyl Alcohol, Sorbic Acid.

Dermatologically tested.

TINELLIN

Oily Skin Control Treatment

With Bioflavonoids and Salicylic Acid

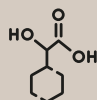

Exclusive formula to combat oily acne-prone skin. A light cream based on salicylic acid and biomolecular flavonoids that helps regulate skin with high sebum production. Fights the appearance of pimples, blackheads and acne, improving the appearance of the skin. The perfect solution for oilier skin.

TECHNOLOGY

Factors such as pollution, stress, hormonal changes or diet contribute to modifying the functioning of the cells of the epidermis. For this reason, it is increasingly common for skin to suffer alterations in its natural state, deregulating the production of sebum from the sebaceous glands, favouring the appearance of acne signs. In the case of acne-prone skin, the cells of the epidermis grow faster than they are capable of being eliminated and shed, so the pores become clogged, bacteria proliferate and as a consequence these areas become inflamed and form wounds or marks.

Tinellin prevents and reduces the signs of acne and inflammatory reactions thanks to its natural ingredients that achieve a more uniform and less greasy face.

ACTIVE INGREDIENTS

Salicylic Acid

Is part of the family of hydroxy acids and is a desmolytic ingredient. That means it targets certain protein bonds in skin known as desmosomes, that keep dead cells clinging to skin instead of sloughing off. Skin's natural shedding process can become faulty due to age, sun damage, and problems like acne and excess oil. Exfoliating helps restore this natural ability.

Bioflavonoids

Increase the skin's defenses and activate microcirculation. They are detoxifying and remove impurities. They regulate the sebaceous glands, so that the skin becomes stronger, rejuvenated and restores dermal balance.

HOW TO USE

Apply a light layer on the face, neck and décolleté, massaging in circles until completely absorbed.
