KOJAXIN

CONCERNED ABOUT HAIR LOSS?

Are you a fan of invasive surgery and medications based on synthetic chemicals with potential side effects, or do you prefer a **natural and organic product** that will work without causing any harm?

In a study of 20 patients, **KOJAXIN** stopped hair loss in more than 88,80% of cases and stimulated growth in 90% of cases. **Clinically tested and proven.**

In addition, **100% of patients said they would use it again.**

Stop hair loss and stimulate growth with KOJAXIN

INCI

Aqua, Citrus Limon (Lemon) Fruit Water, Propanediol, Pisum Sativum Peptide, Curcuma Longa (Turmeric) Callus Conditioned Media, Panthenol, Arginine, Glycine Soja Germ Extract, Triticum Vulgare Germ Extract, Ginkgo Biloba Leaf Extract, Biotinoyl Tripeptide-1, Acetyl Tetrapeptide-3, Humulus Lupulus (Hops) Cone Extract, Medicago Sativa (Alfalfa) Seed Extract, Melilotus Officinalis Extract, Centella Asiatica Extract, Polygonum Cuspidatum Root Extract, Scutellaria Baicalensis Root Extract, Camellia Sinensis Leaf Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Chamomilla Recutita (Matricaria) Flower Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Alanine, Isoleucine, Aspartic Acid, Glycine, Histidine, Valine, Phenylalanine, Proline, Serine, Threonine, Phytic Acid, Lactic Acid, Xanthan Gum, Sodium Benzoate, Potassium Sorbate.

99% SKIN-FRIENDLY INGREDIENTS OF NATURAL ORIGIN

Pea Proteins, Isochrysis Galbana Microalgae Extract, Turmeric Conditioner, Lemon Water, Panthenol, Arginine, Soy Extract, Wheat Extract, Ginkgo Extract, Peptides, Hops Extract, Alfalfa Extract, Sweet Clover Extract, Amino Acids.

1% ADDITIONAL INGREDIENTS TO ENSURE FORMULA STABILITY AND SAFETY

Sodium Benzoate, Potassium Sorbate.

20% ORGANIC INGREDIENTS

TECHNOLOGY

KOJAXIN is a hair serum that strengthens hair and activates the growth of hair follicles without the need for ingredients with hormonal activity against hair loss.

It contains 16 highly concentrated and pure active ingredients. The combination of these 16 ingredients produces a synergistic effect that directly acts on the hair follicles of the scalp, reducing hair loss, increasing the volume and density of existing hair, and promoting the growth of hair fibres that were in the shedding phase.

Growth is stimulated in the long term, resulting in radiant-looking hair and healthy vitality from the root of the scalp to the tips. **It reinforces the structure, resistance, fullness, and strength of thin and weak hair** in both women and men. **It can be used to activate hair growth or as a preventative measure to promote long-term hair follicle health.**

MODE OF USE

Break the ampoule and gently massage the entire content into the scalp with your fingers to **stimulate microcirculation and promote absorption.**

Do not rinse.

Leave on for at least 6 hours.

For best results, use daily for not less than 45 days.

PERFORMANCE

Hair growth is a natural process regulated by hormones in our body. It is a cyclic process that lasts for months, and therefore when hair loss begins to occur, patience is necessary to reverse this phenomenon.

To **achieve lasting results**, it is necessary to be consistent with the treatment, as changes start to become noticeable after 45 days.

After this established time, **small tufts of hair begin to grow around the hairline**, which may appear as baby hairs or broken strands. This is new hair growth, which will become thicker and denser as it grows and gains strength over time.

KOJAXIN is not only intended for those who want to **recover their hair and reverse the loss process**, but also for those who want to prevent thin and sparse hair, and for those who simply want to **maintain the quality of their hair and use it as a preventive treatment.**

Detail of the inside of the box

A study was conducted with 20 male and female participants aged between 18 and 65 years old, with hair loss present on the scalp. The study was conducted by evaluating hair density with the TrichoScan® equipment using the standards set by the SCCS in the Guide for Human Research.

The TrichoScan® equipment is capable of measuring the amount of hair fibres present in an area, measuring every centimeter of the surface and analyzing the presence of hair fibres. **The presence of more fibres as the treatment is used is a sign of an increase in hair growth.**

COMBING AND WASHING TEST

After 45 days of treatment

+88.0%

of the volunteers showed decreased hair loss
(up to 83.3 % decrease)

After 150 days of treatment

+90.0%

of the volunteers showed decreased hair loss
(up to 81.7 % decrease)

COSMETIC TRICHOGRAM

Increase of Anagen Phase (ΔFA) and Reduction of Telogen Phase (ΔFA).

After 150 days of treatment the tested product causes a positive effect in

of volunteers increasing the anagen phases (up to 38.9% increase) and decreasing the telogen phases (up to 54.2% decrease).

KEY INGREDIENTS

ORGANIC LEMON WATER

Rich in vitamins and minerals that help revitalize and detoxify hair fibres, thus protecting the hair.

In addition, it has a high concentration of potassium, an essential element for life and beneficial for the treatment of hair follicles without growth: it provides an extra energy boost and vitality, leaving the hair fresh and strengthened

TURMERIC CONDITIONER

Used for the prevention and reduction of hair loss, achieving an increase in hair density.

It stimulates follicular activity, optimizes the hair cycle, and improves the density, hardness, and health of growing hair.

PEPTIDES

Are vital for the scalp to grow strong.

But in addition to stronger hair, hair peptides are one of the best remedies against hair loss, promoting growth and providing thickness and vitality.

AMINO ACIDS

Are the fundamental building blocks of hair fibre structure.

They provide nutrition, hydration, enhance hair growth, and generate a repairing effect on brittle hair.

PEA PROTEINS

High concentration of vegetable protein peptides that provide powerful results in hair fibres.

Due to the high concentration of antioxidants such as carotenoids -lutein in particular- and flavonoids, in addition to a high content of vitamin C, vitamin B1, vitamin B2, peas act as antioxidants preventing cellular aging and activating cellular growth from the root of the hair follicle.

PANTHENOL

Penetrates the cuticle and hair shaft, where it helps retain moisture and provides volume. It is also a useful moisturizer and emollient. It spreads evenly over the surface of hair strands, forming a thin film on the surface of the cuticle.

This film provides greater cohesion to the reflection of light on the surface of the hair, which is manifested in exceptional shine and radiance, providing a healthy hair appearance.

HOPS EXTRACT

Has astringent and antiseborrheic properties that help fight certain irregularities in the scalp, such as scaling, excess sebum, dandruff, and other circumstances that contribute to altering hair health.

The use of hops on hair helps to calm irritated or saturated scalp, and allows hair to grow stronger and shinier, preventing hair loss and keeping it free of impurities.

MICROALGAE

Extract from the Isochrysis Galbana algae, whose clinical studies demonstrate that it contains molecules that participate in the hair growth process, enhancing the appearance of new hair fibres and at the same time strengthening and fortifying existing hair.

ARGININE

Is an essential amino acid that is not produced by our body and that is part of the hair proteins, that is, of keratin.

This amino acid is a precursor to a substance called nitric oxide, which is essential for natural hair growth.

SOY EXTRACT

Nourishes and moisturizes the hair, restores its flexibility and gives shine, while rehydrating the hair, preventing its loss of colour and protecting the hair tone.

ALFALFA EXTRACT

Is a source of vitamins A, B, C, E and K, as well as minerals such as iron, magnesium, phosphorus, manganese, cobalt, silica, copper, molybdenum, and zinc. All of them are essential for healthy and strong hair.

The bioactive substances present in alfalfa (such as chlorophyll) confer a high antioxidant level that helps us to fight the environmental factors that can cause our hair to fall prematurely.

PHYTIC ACID

The absence of vitamins causes hair to grow fragile and brittle.

This molecule stimulates hair follicles, promotes cell regeneration, and accelerates the action of other nutrients that participate in hair health.

WHEAT EXTRACT

Is a source of essential fatty acids, antioxidants, and high-quality proteins that help prevent and treat hair loss.

It promotes healthy hair growth, combats dryness, acts as a natural conditioner, protects the scalp, and helps seal split ends.

GINGKO EXTRACT

Activates microcirculation in the scalp. By stimulating blood flow in the scalp, hair follicles receive a greater supply of oxygen and blood.

Without this supply, the hair becomes weaker, devitalized and eventually falls out.

SWEET CLOVER EXTRACT

Is rich in isoflavones, natural estrogens that strengthen hair, prevent dandruff and scalp irritations.

LACTIC ACID

Known for favouring skin and hair hydration, it penetrates inside hair fibres and reinforces the molecular structure, giving vitality and strength to hair from the inside, necessary for robust and dense hair growth.

KOJAXIN ANTI-HAIR LOSS SHAMPOO

INCI

Aqua, Cocamidopropyl Betaine, Sodium Lauryl Sulfoacetate, Sodium Lauroyl Sarcosinate, Coco-Glucoside, Glyceryl Oleate, Cocodimonium Hydroxypropyl Hydrolyzed Wheat Protein, Sodium Cocoyl Hydrolyzed Pea Protein, Curcuma Longa (Turmeric) Callus Conditioned Media, Isopentylidol, Dihydroxypropyl Peg-5 Linoleammonium Chloride, Betaine, Cocamidopropyl Pg-Dimonium Chloride Phosphate, Sodium Pca, Glycerin, Pentyleneglycol, Isochrysis Galbana Extract, Hydrolyzed Pea Protein, Phytic Acid, Citric Acid, Sodium Laureth Sulfate, Glycol Distearate, Cocamide Mea, Laureth-10, Propanediol, Phenoxyethanol, Ethylhexylglycerin, Parfum, Coumarin.

ANTI-HAIR LOSS SHAMPOO

With Turmeric Conditioner, Microalgae, and Pea and Wheat Proteins

Hair loss is a common issue that can be related to factors such as stress, hormonal changes, inadequate diet, or genetic predisposition. To combat this problem, **Kojaxin Anti-Hair Loss Shampoo by Larimide** has been formulated with natural ingredients that **strengthen hair from the root, helping to reduce excessive hair loss and increasing hair density.**

Thanks to its combination of plant extracts, microalgae, and natural conditioners, this shampoo gently cleanses without harming the scalp, leaving hair stronger, **more vigorous, and with a healthier appearance.** Its advanced formula protects the hair fiber and promotes hair growth. It includes conditioners that prevent hair breakage.

Suitable for all hair types

A frequent-use treatment to slow down hair loss.

92% SKIN-FRIENDLY INGREDIENTS OF NATURAL ORIGIN

Turmeric Conditioner, Isochrysis Galbana Microalgae Extract, and Pea and Wheat Proteins.

1% ADDITIONAL INGREDIENTS TO ENSURE FORMULA STABILITY AND SAFETY

Phenoxyethanol, Ethylhexylglycerin.

TECHNOLOGY

Kojaxin Anti-Hair Loss Shampoo contains a formula enriched with Isochrysis Galbana Microalgae Extract, Pea and Wheat Proteins, and Turmeric Conditioner, which work synergistically to **reinforce the hair structure, optimize the hair growth cycle, and reduce hair loss.**

Its content of extracts and natural conditioners **provides deep hydration and protects against oxidation, preventing hair weakening.**

Additionally, it cleanses effectively without drying or irritating the scalp.

HOW TO USE

Apply to wet hair and gently massage the scalp until a foam forms.

Once rinsed, repeat the process, leave on for 2 to 3 minutes.

Finally, rinse thoroughly until all the shampoo is completely removed.

Complement the treatment with Kojaxin Anti-Hair Loss Mask and Kojaxin Hair Loss Serum.

PERFORMANCE

• **Strengthens hair** from the root with plant proteins and microalgae extract.

• **Nourishes and revitalizes the hair fibre**, adding shine and softness.

• **Helps reduce excessive hair loss**, promoting denser growth.

• **Gently cleanses** without harming the scalp, maintaining its natural balance.

• **Hydrates and strengthens** the hair cuticle, preventing breakage and weakening.

KOJAXIN is not only designed for those who want to recover their hair and reverse hair loss but also for those who want to prevent thin and sparse hair, and for those who simply want to **maintain hair quality and use it as a preventive treatment.**

KEY INGREDIENTS

• **Pea and Wheat Proteins:**
Stimulate hair growth and strengthen its structure.

• **Isochrysis Galbana Microalgae Extract:**
Promotes hair growth by strengthening existing hair and encouraging the emergence of new fibers.

• **Turmeric Conditioner:**
Enhances hair density and revitalizes the scalp.

KOJAXIN ANTI-HAIR LOSS MASK

ANTI-HAIR LOSS MASK

With Turmeric Conditioner, Microalgae, and Pea and Wheat Proteins

Hair loss is a problem that affects both men and women and can be caused by various factors such as stress, hormonal imbalances, dietary changes, or even genetic predisposition.

Kojaxin Anti-Hair Loss Mask has been designed to **strengthen** the hair fiber, **improve** hair resistance, and **deeply** nourish the scalp, reducing fragility and promoting healthy growth.

Thanks to its combination of natural ingredients and nourishing oils, it intensely hydrates the hair, providing vitality, shine, and softness. It includes conditioners that prevent hair breakage.

Frequent-use treatment to slow down hair loss. **It should be complemented with Kojaxin Anti-Hair Loss Shampoo and Kojaxin Hair Loss Serum.**

INCI

Aqua, Betaine, Cetyl Alcohol, Cocos Nucifera Oil, Glycine Soja (Soybean) Oil, Cetearyl Alcohol, Distearoylethyl Dimonium Chloride, Cocodimonium Hydroxypropyl Hydrolyzed Wheat Protein, Gossypium Herbaceum (Cotton) Seed Oil, Mangifera Indica (Mango) Seed Butter, Olea Europaea (Olive) Fruit Oil, Persea Gratissima (Avocado) Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Theobroma Cacao (Cocoa) Seed Butter, Tocopherol, Pentylene Glycol, Isochrysis Galbana Extract, Curcuma Longa (Turmeric) Callus Conditioned Media, Hydrolyzed Pea Protein, Phytic Acid, Propanediol, Benzyl Alcohol, Salicylic Acid, Glycerin, Sorbic Acid, Parfum, Coumarin.

96% SKIN-FRIENDLY INGREDIENTS OF NATURAL ORIGIN

Pea Proteins, Isochrysis Galbana Microalgae Extract, Turmeric Conditioner, Coconut Oil, Soybean Oil, Cottonseed Oil, Mango Butter, Olive Oil, Avocado Oil, Almond Oil, Coconut Butter.

1% ADDITIONAL INGREDIENTS TO ENSURE FORMULA STABILITY AND SAFETY

Benzyl Alcohol, Sorbic Acid.

TECHNOLOGY

Kojaxin Anti-Hair Loss Mask utilizes a formula enriched with Isochrysis Galbana Microalgae Extract, Pea and Wheat Proteins, and Turmeric Conditioner, which work synergistically to strengthen hair from the root, promoting **healthy growth and reducing hair loss**.

Additionally, its high content of natural oils such as Coconut Oil, Soybean Oil, Cottonseed Oil, Olive Oil, Avocado Oil, Almond Oil, along with Mango and Cocoa Butters, **provides deep hydration and hair restoration**.

HOW TO USE

Use on clean, rinsed, damp hair.

Apply from roots to ends. Gently massage.

Leave on for 3 minutes and rinse.

For best results, use 2 to 3 times per week as part of your hair care routine.

Complement the treatment with Kojaxin Anti-Hair Loss Shampoo and Kojaxin Hair Loss Serum.

PERFORMANCE

- **Strengthens** hair from the root thanks to the combined action of plant-based proteins and microalgae extract.
- **Nourishes and repairs** the hair fiber, reducing fragility and breakage.
- **Deeply hydrates** with natural oils and butters that restore softness and elasticity.
- **Stimulates** hair growth by optimizing the hair cycle and improving scalp health.
- **Protects** against external aggressors, preventing oxidation and hair weakening.

Kojaxin is not only designed for those who want to recover their hair and reverse hair loss but also for those who want to prevent thin and sparse hair, and for those who simply want to **maintain hair quality** and use it as a preventive treatment.

KEY INGREDIENTS

- **Pea and Wheat Proteins:** Stimulate hair growth and strengthen its structure.
- **Isochrysis Galbana Microalgae Extract:** Promotes hair growth by strengthening existing hair and encouraging the emergence of new fibers.
- **Turmeric Conditioner:** Enhances hair density and revitalizes the scalp.
- **Coconut, Soybean, Cottonseed, Olive, Avocado, and Almond Oils:** Provide nourishment, shine, and softness to the hair.
- **Mango and Cocoa Butters:** Deliver intense hydration and hair restoration.

TREATMENT KOJAXIN

KOJAXIN Hair Loss and Growth Treatment Ampoule

- Apply directly to the scalp, focusing on areas with lower hair density.
- Gently massage in circular motions to promote absorption.
- Do not rinse. Leave on and style as usual.
- Recommended frequency: Daily use.

Purpose: Stimulates hair growth, strengthens the roots, and prolongs the hair growth cycle.

KOJAXIN Anti-Hair Loss Mask

- With clean, damp hair, apply the mask from roots to ends.
- Gently massage and leave on for 3 minutes to strengthen the hair fibre.
- Rinse thoroughly with lukewarm water.

Purpose: Complement the treatment with Kojaxin Anti-Hair Loss Shampoo and Kojaxin Hair Loss Serum.

KOJAXIN Anti-Hair Loss Shampoo

- Apply the shampoo to wet hair and gently massage the scalp until foam forms.
- Rinse and repeat, leaving the product to act for 2 or 3 minutes to allow the active ingredients to penetrate.
- Rinse thoroughly with lukewarm water.

Purpose: Cleanses without irritating the scalp, strengthens hair from the root, and helps reduce excessive hair loss.

QUESTIONS AND ANSWERS

Can hair grow back with Kojaxin?

If a hair follicle has been closed for years and is scarred,no new hair can grow. However, **if the follicle is still intact, the growth of new hair can be stimulated with Kojaxin**. It also helps improve the health of weakened existing hair and strengthens its quality.

Can Kojaxin help both women and men?

Yes, Kojaxin works on both women and men with hair loss.

Does Kojaxin have any side effects?

Kojaxin is a natural product and has no side effects. It contains no steroids, synthetic prostaglandins, Finasteride, Bimatoprost, Minoxidil, or Isopropyl Cloprostenol.

Can Kojaxin cause a rebound effect?

No, Kojaxin is a product that improves the causes of hair loss due to hormonal, nutritional, and inflammatory factors without the use of hormones or rebound effects. It is formulated with natural ingredients and without drugs like Minoxidil, so stopping its use will not cause more hair loss.

Is it suitable for all hair types?

Yes, Kojaxin Anti-Hair Loss Treatment is formulated for all hair types, especially for weak, fine, or thinning hair.

Can it be used alongside other hair treatments?

Yes, Kojaxin Hair Loss Serum can be combined for an intensive treatment with Kojaxin Anti-Hair Loss Shampoo and Kojaxin Anti-Hair Loss Mask.

Does it contain natural ingredients?

Yes, Kojaxin Hair Loss Treatment is formulated with natural ingredients and does not contain silicones or harsh sulfates.

For best results, it is recommended to follow the complete treatment by combining it with Kojaxin Anti-Hair Loss Shampoo and Kojaxin Anti-Hair Loss Mask.

TIPS TO ENHANCE RESULTS

- **Complete the Kojaxin routine** 2 or 3 times per week to notice visible improvements.
- **Proper Washing:** Wash hair regularly with gentle shampoo and avoid hot water.
- **Gentle Products:** Use hair care products without harsh ingredients.
- **Hydration:** Keep hair well-hydrated with conditioners and moisturizing treatments.
- **Avoid Heat:** Limit use of hair dryers, straighteners, and curling irons.

- **Scalp massages:** Regularly massage the scalp to improve blood circulation.
- **Sun Protection:** Protect hair from sun exposure using hats or UV-protection products.
- **Balanced Diet:** Eat a diet rich in vitamins, minerals, and proteins.
- **Stress Management:** Reduce stress through relaxation techniques like yoga or meditation.
